McGovern Scores GI Buildup In Laos

PRESIDENT GEORGE POMPIDOU was a visitor to the United Nations headquarters in New York Monday. His escort was U. N. Secretary-General U Thant. President Nixon made a special trip to New York to apologize for the behavior of Americans along the French leaders travel route. (AP Wirephoto)

Nixon Apologizes For U.S. Behavior

NEW YORK (AP) — Both President Nixon and Georges Pompidou said Monday they were pleased with the result of Nixon's hurried trip to New York to offer an apology for any courtesy to the French president by Americans.

Nixon's gesture on the last night of Pompidou's eight-day state visit appeared to have eased ill feeling resulting from demonstrations over France's agreement to sell 110 jets to Libya while refusing to release 50 to Israel.

Nixon brought cheers and laughter at a dinner for Pompidou when he said he had wanted the French leader to see the United States as an American president does. "And I must

say we overdid it a bit, as we usually do."

Pompidou, who had been angered over what he termed insults to himself and his wife during pro-Israel demonstrations in Chicago, responded by praising Nixon and saying it was a "very great joy" to be at the dinner.

"France is our oldest ally and our closest friend," Nixon said. "That friendship is so deep and so long that no minor difficulties or bad manners are going to impair it."

Pompidou beamed as Nixon spoke and replied in a toast: "In spite of all, allies and friends."

Outside the hotel a pro-Israel demonstration drew up to 5,000 persons at one point, then dwindled rapidly away.

There were shouts of "Boo, boo, Pompidou!" Placards were displayed and some chanted Hebrew songs. Most were peaceful and police reported one arrest.

White House Press Secretary Ronald Ziegler told newsmen on the flight back to Washington that Nixon was "quite pleased" with Pompidou's response to his gesture and the dinner.

IRS Won't Be 'Penniless' If Man Has Way

ROYAL OAK, Mich. (AP) — A service station operator said today he planned to pay a \$734.89 U.S. income tax bill with a trash can full of pennies because a tax man treated him "with contempt."

Harold Ballew, 23, went to several banks to collect more than 1,400 rolls of pennies and it took him and his three employees four hours to unravel them and fill the can.

He said that an Internal Revenue Service agent was "petty and made me feel as if I was starving his family."

The IRS agent he mentioned had no comment on Ballew's statement Monday.

Ballew, the father of four and a freshman in college, said he never missed a tax payment until last November when the \$1,398 quarterly bill "was just too much."

Ballew said he sent \$398 immediately and another \$500 last Tuesday, but the IRS man demanded full payment on Friday, including interest and a penalty.

"He gave me a note," Ballew said, "there were four words 'tax lien or padlock.' He was going to close my business. How could I pay him if he did that?"

Ballew said, it was all "a question of manner—if he had treated me like a man, and a citizen this never would have happened."

Ballew said he didn't think the IRS would "treat me this way if I were the General Motors Corp. I guess they figured I was just a little guy, and they could hang me."

Asked what he would do if the IRS wouldn't accept the 20-gallon trash can full of pennies, Ballew said, "I think that we'll have a roll-in, and pay them with the rolls. I don't want to treat them like they did me."

Mid-Week Vote On School Aid?

LANSING (AP) — A \$1.2-billion State School Aid Bill faced more caucus rhetoric and floor maneuvering in the Michigan House today, but dozens of new amendments made a final vote unlikely before the middle of the week.

There was movement, however, on the Parochial front, as one legislator announced he would vote to oppose state aid to sectarian schools when that issue comes up again.

Rep. Dale Waner, R-Eaton Rapids, who voted on Jan. 28 to keep a \$22-million Parochial section in the bill, said today he now opposes it, convinced the concept is unconstitutional and economically unsound.

Warner's shift in position threw the controversy into an even more delicate balance than it was when opponents failed by two votes, with one absentee, to delete it from the School Aid Bill two months ago.

Speaker William A. Ryan, Detroit, chief advocate and tactician among Parochial supporters in the legislature, said a final vote, which would send the bill to a joint conference committee, could come Wednesday, Thursday "or whenever we get to it."

The House Monday night adopted an amendment blocking any allocation of funds until the Legislature adopts companion measures to raise some \$300 million additional revenue.

Today's Chuckle

Sign carried by a young hitchhiker: "Hope your business is picking up."

Judge's Ruling Irks RR Union; Strike Likely

WASHINGTON (AP) — Sen. George S. McGovern, D-S.D., charging a buildup of American forces is under way in Laos, said today the United States is committing the same errors it did in Vietnam.

"In spite of the painful lessons of Vietnam," McGovern said, "we are going down the same road in Laos, and we are doing it in secret."

Wants Policy Disclosed

He challenged the administration to disclose its policy in Southeast Asia, called for a full-scale Senate debate on the situation, and said the public should be told the nature and scope of the U.S. involvement.

"We not only do not know the truth about our heavy involvement in Laos," McGovern said, "but we are increasingly in the dark about what is really going on in Vietnam."

Someone Knows — Solon

"It is absolutely incredible that a great nation such as ours could be waging a major military operation in a foreign country without the knowledge of either its citizens or its Congress."

McGovern's charges concerning the buildup of American forces in Laos echoed statements Monday by Senate Majority Leader Mike Mansfield.

"We are both in it—North Vietnamese and Americans—and we are in it up to our necks," Mansfield said. "The involvement is so transparent on both sides as to make less than useless the effort to maintain the fiction of the (Geneva) accord or even to exchange charge and counter-charge of violations."

Situation Critical?

Mansfield made his statement after CIA Director Richard Helms testified before a closed-door session of the Senate Foreign Relations Committee.

After listening to Helms, Sen. Albert Gore, D-Tenn., answered yes when asked if the situation is becoming more critical in Laos.

Sen. J. W. Fulbright, D-Ark., who also attended the committee session, said he was "extremely apprehensive" over the situation in Laos.

"I am going to do everything I can to try to persuade the administration of the dangers of increased intervention there," he said.

Pollution Meet

LANSING (AP) — The Michigan Air Pollution Control Commission wants to hear from people in the Alpena area before deciding on a pollution control plan of Huron Portland Cement Co.

A public hearing has been set for the Alpena High School Auditorium at 7:30 p.m. March 31.

First Lady Goes Where Action Is

LANSING, Mich. (AP) — Barnstorming Pat Nixon took off today for Lexington, Ky., on the second leg of a five-state trip to promote student interest in volunteerism.

LANSING, Mich. (AP) — First Lady Pat Nixon, barnstorming to promote student interest in volunteerism, says she's in favor of "protesting in the positive fashion."

She hailed the good deeds of young Michigan State University students she saw in action on a daylight visit here Monday.

The President's wife said she doesn't know whether she can enlist the radicals by her mission this week focusing attention on college student volunteers in five states — Michigan, Kentucky, Ohio, Colorado, and Missouri.

But, she told a press conference Monday night, "I would hope more people would join the volunteer movement, because I think it is very important."

Mrs. Nixon was impressed with the "spirit and enthusiasm" of the MSU students she watched at work with blind and retarded children, elderly nursing home residents and at after-school activities with neighborhood youngsters.

She said the dramatic story of these college students has not been told.

Patricia Nixon

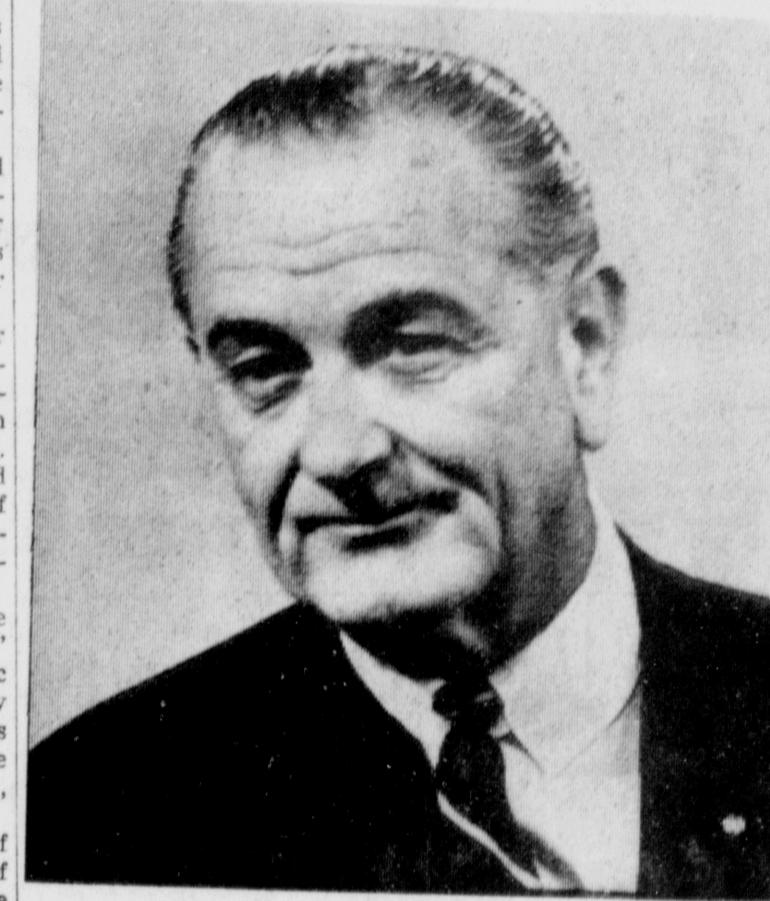

Mrs. Nixon stayed off the campus of 40,000-student MSU in East Lansing during her visit. She was asked if the possibility of demonstrations kept her away from campuses here and other states on her trip.

"No," she said, "When I announced my trip, I said that I was going to see students in action. And I had to go where the action was. That's why I went out to see them (students) working on their projects."

There were no demonstrations and Mrs. Nixon attracted little public attention outside of an airport arrival crowd of under 1,000, many of them schoolchildren given a half-day off.

Much of her time schedule was kept secret.

Johnson In Hospital; Condition Favorable

Lyndon B. Johnson

Former President Suffers Chest Pains

SAN ANTONIO, Tex. (AP) — Last Friday night, and that more pains jarred him awake about 3 a.m. Monday.

Pains Noted

The pains recurred about 9 a.m. Monday and again at 5 p.m. after he had entered Brooke, doctors said.

North, chief of cardiology at the hospital, compared the condition caused by hardening of the arteries with an automobile carburetor "that doesn't work quite right" when it can't get enough fuel.

No Heart Attack

The physicians at the Army's Brooke General Hospital said there were no signs of a heart attack, although they noted a minor change in his electrocardiograms, which provide a graphic record of heart movements.

They expressed concern over the frequency of chest pains and said Johnson might be hospitalized for several days.

An aide termed his condition "stable" adding that he "continues to have some discomfort in his chest."

A major heart attack felled Johnson in 1955 when he was Senate majority leader. He was 46 at the time.

Flown To Hospital

Now 61, the former chief executive was flown 65 miles by helicopter from the LBJ Ranch Monday afternoon following examinations by his heart specialist, Dr. J. Willis Hurst of Emory University in Atlanta, Ga., and three Army physicians.

The penthouse suite was refurbished expressly for him when he became president in 1963. An aide said the chest pains first struck Feb. 20 and again

at 4 a.m. on March 1. The report, with the quarantine recommendation, has not been published yet.

Congress Told:

Federal Housing Monies Misused

WASHINGTON (AP) — Congress and thus reduce costs for the cooperatively owned moderate-income housing. But the report criticized FHA handling of the mortgage insurance.

Under the program, Congress is very low indeed, but the extent of hazard is potentially so great that many people are not willing to accept that small risk," said Dr. Alan Brown, a University of Pennsylvania biologist.

Brown was a member of an eight-man scientific panel named by the American Academy of Sciences to assess the need for quarantine on Apollo 13. The panel's report, with the quarantine recommendation, has not been published yet.

The report concluded that "satellite surveys are capable of giving an entirely new look at global air pollution. For the first time it now appears possible to sense global air pollution on a very short time scale, updating data every few hours."

The satellites also will scan earth for oil and mineral deposits, arable land, fishing grounds and diseased crops and timber. Congress has been told.

The General Accounting Office said in a report \$270 million, amounting to a third of the money allocated to the Federal Housing Administration for the program, went to five cooperative housing communities being developed by Rossmoor Leisure World.

The GAO charged no legal wrongdoing in the FHA program, designed to insure mort-

gages and thus reduce costs for the cooperatively owned moderate-income housing. But the report criticized FHA handling of the mortgage insurance.

The result, the report said, was that was about a third of FHA's \$800 million mortgage insurance for that type of cooperative was committed to Leisure World as of March 31.

FHA treatment of each new subdivision as a separate project took the bizarre turn of increasing land costs to the Leisure World resident owners up to 600 per cent more than the developer had paid, the GAO said.

This, it said, was because FHA land appraisals for each new subdivision included increases in land values created by publicity for the planned community and by construction progress.

The GAO quoted FHA's parent Department of Housing and Urban Development as saying the FHA appraisals reflect true land values at the time of appraisal and it would be unreasonable to expect a developer to accept his original land price after it has grown in value.

Weather

ESCANABA AND VICINITY—Windy and warmer with possible showers and possible thundershowers today and tonight. High in the upper 40s, low in the lower 30s. Showers ending Wednesday and turning colder with some clearing by evening, high in the mid-30s. The low in Escanaba was 18 above with a high of 30. Sun sets today at 6:37 p.m., and rises Wednesday at 7:22 a.m.

Workshop Helps Older Retarded, Kiwanians Told

The Activities Center Workshop, designed to help those over 21 and no longer eligible for the John F. Kennedy School for retarded children, was discussed by Mrs. George Maniaci at the Kiwanis meeting Monday.

Mrs. Maniaci said that about 10 years ago a group of parents with retarded children banded together and with help from the United Fund started a program in the church Sunday school rooms to give the children a chance to become more useful citizens. The group then moved to larger facilities at Club 314, but were hampered by the storage of the equipment that was needed, after each assembly, because of the varied uses of the Club.

Then Project Pride, which had constructed the Chamber of Commerce Building, and was unwilling to disband, offered their services toward the construction of the now John F. Kennedy building. The funds were raised through various marches and donations. Mrs. Maniaci praised the laborers who gave so willingly of their time to construct the new school, without the aid of federal or state funds.

Local teachers without real experience, but with dedicated willingness, taught the children for the first three or four years. Then in 1969, the intermediate school district took over the operation of the school.

This enabled the committee to direct its energies to do

U.P. Fair Book Contest Starts

The Board of Managers of the Upper Peninsula State Fair has approved plans for the 10th annual Premium Book Cover Contest.

Cliff Perras, Manager of the fair, said children under 20 years of age attending either grade school or high school are eligible to enter the contest, which has had the approval of the Michigan Association of Secondary School Principals.

Prizes include the grand prize, a portable television set, and four transistor radios to winners in each of four Upper Peninsula districts. The prizes are donated by the Bancroft Dairy, Inc. of Marquette.

Entry blanks may be obtained from the art teacher at any school throughout the Upper Peninsula or by writing Box 277, Houghton, 49931.

In 1969, over 300 students participated in the Cover Contest.

The most common error among the many fine entries was the omission of the dates of the fair from the art work entered, according to the judges. Dates of the 1970 Upper Peninsula State Fair in Escanaba are Tuesday, August 18, through Sunday, August 23.

The caribou is unique among the deer family in that both sexes carry antlers.

Call Up 12 For Pre-Induction

Twelve men are to report to the Delta County Draft Board office, 1103 Ludington St., at 1:45 p.m. March 6 in the March pre-induction call.

They will go to Milwaukee for armed forces physical examinations and then return to Escanaba.

They are:

Paul E. Neumeier, Escanaba, leader; James R. Ritenour, Truax; William E. Woolford, Escanaba; Larry J. Arkens, Bark River; James L. Peltier, Marquette; Harry E. Nelson, Cornell; David L. Bruce, Bark River; Daniel R. DeGrand, Escanaba; Paul J. Krusell, Escanaba; Thomas A. Novak, Rapid River; Richard P. Martin, transferred from Lansing; and Robert J. Campana, transferred from Escanaba.

The 26-member choir, directed by Rudolf Strukoff, will be

University Singers Coming To Escanaba

The University Singers of Andrews University, Berrien Springs, Mich., will present a series of concerts in the Upper Peninsula Auditorium, 210 S. 23rd St., Escanaba, on March 6 and 7, according to L. A. Pomeroy, pastor of the Escanaba Seventh-day Adventist Church.

Accompanied by a string ensemble, their first program will be a sacred concert Friday evening at 7:30. The program will feature a cantata, "O Sing Unto the Lord," by Purcell, with string and organ accompaniment, and will also include spirituals and hymns.

The choir will present the special music at the 11 o'clock worship service Saturday morning, and Dave Bauer, assistant to the vice president for student affairs at Andrews University, will give the sermon.

Solos, special group arrangements, and numbers by the string ensemble will be featured at the sacred concert on Saturday afternoon at 2:30.

Saturday night the choir will sing a secular concert at 7:30.

The program will include a group of humorous songs called "Anything and Everything," a medley from "Man of La Mancha," a group of Russian songs, and patriotic songs.

The University Singers have scheduled performances throughout the Midwest this season.

The singing group, formerly known as the Collegians, is made up of undergraduate and graduate students of Andrews University. Strukoff is in his first season as director of the choir. It was organized in 1949.

Auto Production Decline Revealed

DETROIT (AP) The nation's automakers reported a 22.9 per cent decline in domestic new car production for February compared to February 1969.

Total production for last month was 576,977 units while last year the February output stood at 748,558.

General Motors Corp. recorded the largest drop, turning out 319,039 cars last month, 125,174 less than the same month last year. It amounted to more than a 28 per cent decline. GM also reports its total 1970 production is off 28 per cent, compared to the same period last year.

Ford Motor Co. said February production was off 22 per cent from last year. This is a decline of 38,665 on February 1970 production of 140,878 units. Ford production so far this year is down about 20 per cent from 1969.

Chrysler Corp. said production in February ran only 6 per cent below last year's February production as 94,119 units were assembled last year. Chrysler reported a drop of 32 per cent during the first two months of 1970.

American Motors Corp., the smallest of the automakers recorded a February decline of 8 per cent on production of 22,941 cars compared to 24,871 last year. AMC is the only manu-

Briefly Told

Escanaba High School, Class of 1948 reunion committee, will meet Wednesday evening at 7 at Manning's Shoe Store. Class members are asked to attend for the purpose of locating former members of the class through their present addresses.

An immunization clinic will be held at 10 a.m. Wednesday at the Carney-Nadeau School with Dr. Mary Cretens in charge.

Fraternal Order of Eagles will meet at 8 p.m. today at the clubrooms.

The Elk's Auxiliary will meet Thursday evening at the club for a dinner meeting. Reservations may be made through Wednesday by calling the club at 786-2294 or Mrs. John Harris, 786-5845.

Former Officer To Direct U.P. Law Program

Robert H. Bilgen, retired Upper Peninsula District Commander of the Michigan State Police, has been named consultant to the Upper Peninsula Committee for Area Progress (UPCAP), Lee D. Meyers, UPCAP executive director, announced.

"The Upper Peninsula Law Enforcement Committee, which was formed last year, represents all areas of criminal justice," remarked Bilgen.

Bilgen will coordinate the Upper Peninsula Law Enforcement Planning Program (drawn up by UPCAP under a planning grant from the Michigan Commission on Law Enforcement and Criminal Justice), and will assist judicial and law enforcement agencies in the Upper Peninsula to plan new programs to improve crime prevention and better enforcement of criminal law.

He will also assist them in applying for state and federal funds to finance the programs.

Bilgen will take over the duties performed by Howard Pierce of the UPCAP staff, who is now on extended leave.

Federally Funded

"The Michigan Commission on Law Enforcement and Criminal Justice is funded by the federal Law Enforcement Assistance Administration (LEAA) under the Omnibus Crime Control and Safe Streets Act of 1968," said Bilgen. "Funds from the LEAA are given to the states on a per capita basis, and states are required to grant 75 per cent of their money to local governments."

"Up to now, there have been funds for planning only," said Bilgen, "but the Michigan Commission is currently studying some of the new programs that have been proposed and it expects to fund some of them in the very near future."

The choir will present the special music at the 11 o'clock worship service Saturday morning, and Dave Bauer, assistant to the vice president for student affairs at Andrews University, will give the sermon.

These telephone tips to help the smoker quit are based on the nationally recognized Five-Day Plan to Stop Smoking.

They are also designed to encourage people who have recently quit smoking who wish help in maintaining their戒烟.

Push 5-Day Plan To Stop Smoking

March is "Stop Smoking Month" and smokers who want to quit will have lots of help available, thanks to the Five-Day Plan to be offered in this community through the cooperation of the Seventh-day Adventist Church and the American Cancer Society.

Mayor Cecil B. Chase and the City Council are directing at-

Non-Smokers Win

Since its origin the Adventist Church has held that use of tobacco and alcohol are harmful to health. The Sloan-Kettering Institute, knowing this, used the members in a study on the incidence of lung cancer among smokers and non-smokers. It discovered that incidence of lung cancer among the non-smoking Adventists was only 10 per cent that of the average in the U.S.

tention to the program by adoption of a proclamation, which was presented by Mayor Chase to the Five-Day Plan sponsors.

The proclamation will be formally adopted by the Council Thursday night.

The series of five consecutive group therapy sessions, to be held for one hour each evening, will start next Sunday night, reports the Rev. L. A. Pomeroy, pastor of the Seventh-day Adventist Church. There is a \$3 registration fee.

The plan includes lectures on

C&NW Dust May Bring Valuation Cut

The dust and dirt problem is created by the Chicago & North Western Railway's new iron ore storage and shipping facility on the north bay shore may result in reduced property assessments for residents of the area.

This will follow if City Assessor Charles Schmidt follows the suggestion made by the Escanaba Board of Review in meeting today at the City Hall. At mid-morning the board issued the following statement:

"The Board of Equalization and Review for the City of Escanaba passed a unanimous resolution requesting the City Assessor concentrate on reassessment of the entire North Side areas in the vicinity of the Chicago & North Western Railway ore terminal facility during 1970.

"Also, the Board strongly recommends a reduction of real estate values in the areas affected by the dust problem.

There have been growing signs that the people of the affected area are going to bring

Anticipates Public

The Board of Review has

Roy Jensen as its chairman

and other members are Matt

Smith, Ted Breitenbach, May-

or Cecil B. Chase and Wes-

ley Hansen, former mayor and

councilman. Don Guindon, city

clerk, is clerk of the Board.

Today and Wednesday the

Board is meeting with the city

assessor at the City Hall and

on March 9 and 10 it will hold

public sessions at the Civic

Center.

No doubt anticipating those

public meetings, the Board de-

cided that it would indicate its

concern for the north Escanaba

residents whose persons and

property have been affected by

the ore dust problem.

There have been growing

signs that the people of the af-

fected area are going to bring

their problem to the attention

of officials at all levels — from

the state Air Pollution Control

Commission, to the municipal

level, and into the courts.

Complaints Signed

Three residents have signed

complaints against the North

Western, charging the railway

with noise, odor and dust nu-

isance under a city ordinance.

The North Western stood mute

and will receive trial.

The Michigan Air Pollution

Control Commission has cited

the North Western for air pol-

lution and set March 17 as the

final date for reporting to the

state on the railway's dust con-

trol plans.

The residents of the north Es-

canaba area have also been con-

sidering action in circuit court

to obtain an injunction halting

the North Western's operation;

and individuals have indicated

their intention to bring damage

suits against the railway.

Several real estate brokers

under different conditions.

Public Hearing On Pollution Set

LANSING (AP) — A public hearing will be held at Kalamazoo March 16 on a bill which would expand the area of legal action against polluters, says Rep. Wayne Sackett, R-Portage.

Sackett, noting the bill would provide greater legal powers for "both government and private individuals," said it has the general endorsement of the Michigan Department of Natural Resources but that the Department of Public Health thinks present laws are sufficient.

Three residents have signed complaints against the North Western, charging the railway with noise, odor and dust nuisance under a city ordinance. The North Western stood mute and will receive trial.

The Michigan Air Pollution

Control Commission has cited

the North Western for air pol-

lution and set March 17 as the

final date for reporting to the

state on the railway's dust con-

trol plans.

One said, however, that the dust situation could be a very real factor in valuation. Cer-

tainly, he said, this is some-

thing that will have to be con-

sidered. Sales experience is

necessary, he added, along with

consideration of what a piece

of property might have brought

under different conditions.

Tourney Time

Journalists like to use the term "March Madness" to describe the annual phenomena known as high school basketball tournaments.

It's a tired expression as tired expressions go, but one which is resurrected anyway because there isn't really another expression that comes much closer to fitting the whole exciting picture. During the next three weeks, there will be a "madness" in dozens of gymnasiums in Michigan as hundreds of high school teams battle to reach the pinnacle — the state championship.

Four teams will reach the top in Michigan — one in each of the four classes — and if there is one sadness to the whole succession of events its that more than four teams can't share in the joy that comes with victory.

It's impossible to imagine a greater thrill for a high school youngster than to be a member of the championship winning team before over 12,000 fans in the Jenison Field House at Michigan State University.

* * *

The Upper Peninsula, of course, will stage its own version of the state championships at Northern Michigan University's C. B. Hedgecock Fieldhouse where B, C and D district title winners get together for three days of regional competition. A dozen schools will be involved and except for Class A, which sends the district tournament winner into lower Michigan regional play, and possibly in Class D where the NMU regional champion faces the winner of an eastern U. P.-northern lower Michigan regional, only three U. P. teams will remain in the field.

Over the years, Upper Peninsula teams have done well in the state tournament.

The last state winner was Marquette Bishop Baraga high school, which won the Class D title last year in its final year of operation. Other successes recently have been by L'Anse, Houghton, Stephenson, Marquette J. D. Pierce, Negaunee, Menominee and Chassell. The only class, in fact, where Upper Peninsula representatives have failed to "hold their own" against lower Michigan opposition is in Class A. And even there in the Grand Rapids regional Escanaba teams have on two occasions reached the finals before bowing out.

* * *

What will happen this year remains to be seen.

In the Escanaba area there are a number of teams which on the basis of season records are expected to fare well. Big Bay de Noc and Powers-Spalding, champions of the Central and Skyline Conferences, respectively, are highly rated in Class D with several other teams not far behind. Escanaba Holy Name and Gladstone must be respected in Class B and Escanaba, although a loser twice during the regular season to Marquette, has improved sufficiently to be rated a threat in the Class A district.

The Daily Press is publishing its annual basketball edition today as the tournament gets started, carrying the messages of "Good Luck" to all of the teams of the area from the people of their respective communities.

The newspaper adds its hopes of success for the local teams.

Peninsula Potpourri

Creation of a county wide housing authority is under consideration in Iron County. Richard Dodge, housing specialist with UPCAP, said the Department of Housing and Urban Development is encouraging area or county housing commissions to build senior citizen and low-income low-rent housing in an area. "Small communities with projects for 10, 20, or 30 units don't stand much of a chance of being funded," Dodge said, because of the relative uneconomical nature of these small programs.

* * *

The bus route which will be in effect when the Marquette Bus Co. initiates service was approved by the Marquette City Commission. The bus will run from 8:30 a.m. to 6:30 p.m., stopping at approximately every other block and major points along the route designated. Fare will be 25 cents per person, with pre-school children permitted to ride free.

* * *

The new Poe and MacArthur Locks in the Soo Locks system will be all set for operation and ready to go on April 1, according to Tom Coon, chief of operations at the locks. Coon says the Poe, which has been kept filled all winter according to Corps of Engineers regulation, will be pumped dry on March 23, for an inspection and a check of the lock operating equipment. It will be flooded again about March 26 or 27 and be ready for operation on April 1, which is another Corps of Engineers policy.

* * *

State Police at Sault Ste. Marie are investigating the possible poisoning of nine head of cattle owned by Robert McCrory, county extension agent, at his farm at 12 Mile Road and Shunk Road. McCrory reported six cows and three calves have died, presumably by poisoning, since Feb. 17. The cattle were valued at more than \$2,000, he said. Officers said an area veterinarian has sent samples of the stomach contents of the cattle to the State Health Department Laboratories in Lansing for analysis.

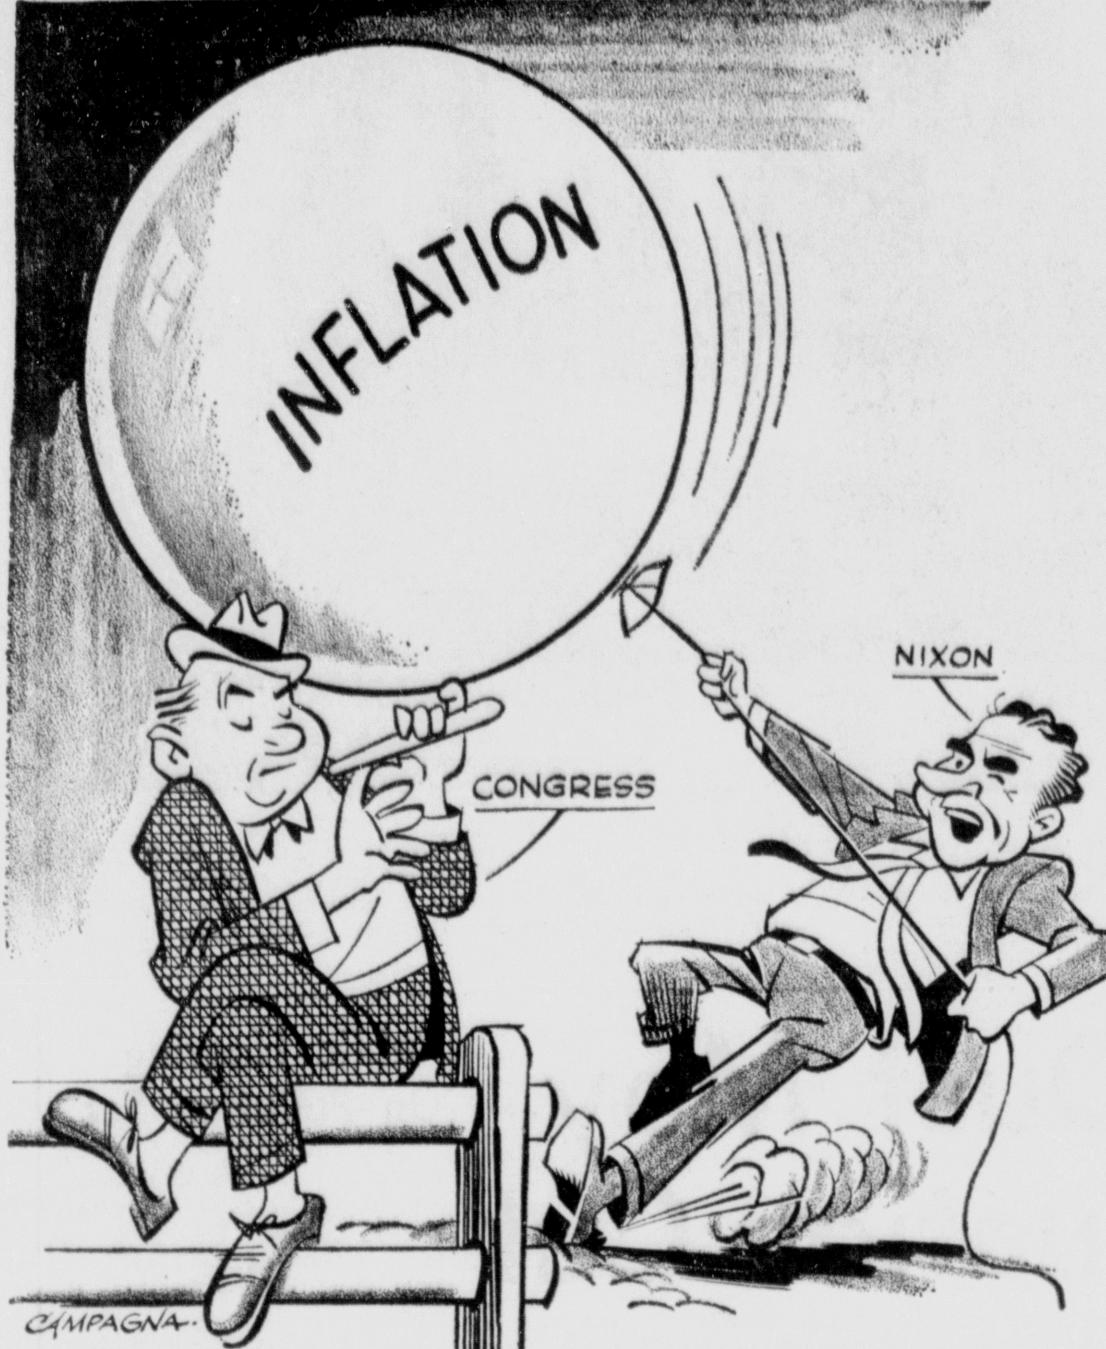

* * *

Closing of two productive mines last year resulted in a \$2.6 million drop in Iron County mine valuations for 1970, according to State Tax Department figures. Equalized valuation of mine property has been set at \$6,236,000 this year, compared to \$8,837,500 last year.

* * *

The Court of Criminal Appeals in Tennessee has affirmed the conviction of a former Menominee man on a first degree murder charge. Harlan Gene Johnson, 86, a 1951 graduate of Menominee High School, was convicted by a jury in Memphis, Tenn., last year of the murder of Vivian Irene Rose, 17, a neighbor of Johnson. Mrs. Rose was murdered in February of 1968 and Johnson's wife, Bonnie Jean, 34, was found dead at the same time. Memphis officials said Mrs. Johnson died of alcoholic poisoning. Johnson was sentenced to a 99-year term in the state penitentiary by Judge Preston Battle.

"HOW ABOUT GIVING ME A HAND"

Jumbo Jets Require Better Ground Service

By JOHN CHAMBERLAIN

The new world of the jumbo jets has been with us for more than a month insofar as international flights are concerned, beneficial ways, but the big money loser at the end of 1969, getting first off the mark.

Now, with the coming of March, the era of the domestic jumbo jet is here. It will change the American skies in beneficial ways, but the big question is what it will do to the highways—which more and more shrink to the comparative size of medieval alleys—in the urban world below that feeds the airports.

Of course, there are the claims and counter-claims for the honor of domestic flight pioneering. TWA, being both a foreign and a domestic carrier, got the technical drop on the main domestic airlines by shifting a huge Boeing 747 it had ostensibly bought for transoceanic use to the Los Angeles-Kennedy run.

By the time this column appears, the first commercial 747 flight, carrying some 340 passengers, will presumably be history. Boeing, the provider of the jumbos, had "slotted" its deliveries of the 747 to serve the overseas carriers first, which was in accordance both with priority of orders and considerations of U. S. international prestige. This gave TWA an inadvertent domestic advantage.

* * *

American Airlines, which is getting into the Australian run at a future date but doesn't need jumbos at least just yet

The real social interest in

for that, hoped to beat TWA in the domestic Los Angeles-Kennedy service by leasing a 747 from Pan American. (The company won't get its own 747s, built to its own special passenger area configurations, until June, but expects to have 10 by the end of the year.) By offering an early announcement of its inaugural flight for Monday (March 2), American let TWA counter-punch with a date for the end of February. The competition is good-natured, and the important thing is that the jumbo gets advertised.

It's going to be lovely aloft. The tube-shape effect of the plane interior is lost, for inside the 747 the passengers—70 in the first class, as set forth by American, and some 300 in coach service—will be able to stand up at full height all the way to the windows.

American has "taken the kitchen out of the living room" by placing its food galley on a deck below the passenger seatings. Elevator service carries the food "upstairs," where it is taken by service carts to the passengers along two separate parallel aisles (the seatings are 3-4-2 in the coach section, 2-2-2 in one of the first-class sections).

The 14 cabin employees will be headed by a "management man," a sort of captain's stand-in, not a straw-boss, who will be on hand to make suggestions and receive complaints—and, maybe, be quick to forestall potential hijackers.

* * *

The real social interest in

the jumbo, however, comes in its relations to the world below. The good thing about the jumbo is that it will enable an airline to substitute one new flight for two old flights. Assuming that bigger runways are ready, this will mean less pressure on the flight controllers who set the approach schedules. There should be less circling around before landing.

With one flight taking the place of two, the stress of loading and unloading the passengers shifts to the baggage claims and gate area departments. Though there are more people per plane, emplaning and deplaning will be easier because of wider doors both at the boarding gates and on the plane itself.

Seat assignments will be by computer, and color-coded for first and second class. The baggage tags will be alphabetized, and reclamation will take seven minutes.

Once ready for the street, however, a crowd of 360 passengers will find it the same old world, only worse. Where are the taxis and jumbo busses needed to funnel such a crowd quickly into town? How can they be helioperated away?

The jumbo is an "environmental" plus with one stand-point; its engines are practically "smoke-free," which eliminates pollution from the jet exhausts.

* * *

It is only our towns and our road systems that must now be redesigned, to get the passengers into and out of the air.

Small Philadelphia Bank Made Big Noise In East

By JOHN CUNNIFF

NEW YORK (AP) — If Norton Denny had held a match under a thermometer or fired a gun when the runners were raced against their starting blocks, he couldn't have produced a more predictable result.

Denny, president of that "little institution out of Philadelphia," the Lincoln National Bank, announced Wednesday a reduction in the prime interest rate and in so doing ignited the stock market on a course toward space.

News Awaited
For months traders had blamed tight money and high interest costs for cutting into corporate profits and, as a result, the price of stocks fell. They desperately awaited news of an interest rate reduction.

Denny, a spirited 5-foot-1 activist with "the youngest bank board in Philadelphia," gave traders the news. He announced that beginning March 1 he would lend money to business at 8 1/2 per cent, but at 8.

The news reached Wall Street at about 2:30 p.m. Wednesday with the Dow Jones Industrial average moving along with less than a one point gain. In the next half hour that gain multiplied 13 times.

"We call it the Lincoln Mar-

ket around here," said Denny the next day as he received telegrams, phone calls and new accounts. Clearly he was elated that the 1,267th largest bank could crack a shot heard round the country.

"The public is a coiled spring," he said. "A little instigation out of Philadelphia shot the market up the way it never went before. The public is a nervous wreck."

What Denny and his directors did was little more than many small banks could have done. The situation was just waiting for action; it was a setup for any publicity minded lender. But Denny said Lincoln's sole concern was the economy.

Lincoln National feared the economy was swiftly heading for trouble, he said, and that something had to be done to give encouragement to borrowers, to spur activity and avert trouble by May.

Unemployment Cited

"My concern was that business prospects should have a chance for survival," he said by telephone. "If unemployment keeps going up at a rate of 300,000 a month we'll have lost 1.2 million jobs by May."

He continued: "In May we might desperately want to turn the economy around, but we need to start now. If you want to

Roast beef is the most popular dish in Britain, but the poll indicates steak is gaining favor.

head off trouble you don't wait until May."

The action, he said, was decided upon at a senior staff meeting that lasted from 10:30 to 11:30 Wednesday morning.

Business Trend Down

"There was unanimous consensus that business was heading down. Again it was unanimous that the economy was in for rough times in 90 days. And there was a consensus also on reducing the prime rate."

Implementing the decision—which Denny described as "crystallizing thoughts"—took until 1:30, and then Denny said he made one telephone call to the Philadelphia Evening Bulletin. "We did it—lowered the rate—for our customers," he said.

The news spread through financial communities by the next hour. Soon the big New York banks and others were claiming that any reduction in lending rates was premature. They declined to fall into line behind Lincoln.

This didn't bother Denny, he said. His customers would benefit, and he was certain that within 60 to 90 days the others would lower their rates.

Roast beef is the most popular dish in Britain, but the poll indicates steak is gaining favor.

Escanaba will be the scene of an intensive recruiting campaign for the United States Army during the next week, it was announced by Sgt. S. F. Russell, U. S. Army advance agent, who arrived here to make preparations for a meeting of prominent businessmen of the city.

Americans spent more money on console organs than any other type of musical instruments in 1968, according to the American Music Conference. Total spent on console organs was \$195 million. This represented 119,000 new organs. Pianos were close behind, with 225,378 new pianos bought for a total of \$185 million. Total sales of guitars, amplified guitars, ukuleles, banjos and mandolins was \$130 million.

The bidding:

North East South West
1 ♠ 1 ♠ 2 ♠ 3 ♠
1 ♠ 4 ♠ 5 ♠

Opening lead—ace of spades.

Let's say you're declarer at five hearts and West leads the ace and another spade, which you ruff.

The situation is not entirely promising. You are bound to lose a diamond, come what may, so to make the contract you will have to play both the hearts and the clubs without loss, even though you are missing four to the queen of each suit.

Ordinarily, you would play for the drop, which is the mathematically recommended method when missing four to the queen. You would hope the A-K will catch the queen on the first or second round.

But playing for the drop would not be a smart move in the present case. The opponents did voluntarily bid four spades, and it is reasonable to suppose that they would not have done so if they each had two hearts and two clubs to lose on top of two diamonds—for in that case they would be subjecting themselves to an 800-point penalty.

It follows from this that either one or the other of the opponents will have singletons (possibly a void) in the key suits.

Accordingly, you lead a heart to the ace and return a heart on which East plays the ten. Consistent with your theory, you finesse the jack. West shows out, discarding a diamond, and you are greatly pleased to have surmounted the first hurdle.

With one flight taking the place of two, the stress of loading and unloading the passengers shifts to the baggage claims and gate area departments. Though there are more people per plane, emplaning and deplaning will be easier because of wider doors both at the boarding gates and on the plane itself.

Seat assignments will be by computer, and color-coded for first and second class. The baggage tags will be alphabetized, and reclamation will take seven minutes.

The jumbo is an "environmental" plus with one stand-point; its engines are practically "smoke-free," which eliminates pollution from the jet exhausts.

It is only our towns and our road systems that must now be redesigned, to get the passengers into and out of the air.

Ann Landers

Irate Mom On Ropes Over 'Modern' Son

Dear Ann Landers: Again I read in your column "hair is not important." Hair is the most singularly important thing in our son's life. Therefore, it is important to me. Granted, hair is only a growth of inanimate protein, but to our son—age 19—it is a symbol of his loathing for me and his father and everything we stand for. And don't tell me we've earned it. I could write 40 pages on how we've tried to please that kid but he still hates us.

You usually side with the younger generation, but there is another side Ann—the side of the embattled parents and I would like to see you discuss it.—Had It

Dear Had It: You bet there's another side. It is my side as well as yours. We are The Wax Works Set. The Antediluvian Creeps. The Doddering Old Squares. Anybody of 39. Tomorrow I'll discuss it.

When romantic glances turn to warm embraces is it love or chemistry? Send for the booklet "Love Or Sex And How To Tell The Difference," by Ann Landers. Enclose a long, stamped, self-addressed envelope and 35 cents in coin with your request.

Ann Landers will be glad to help you with your problems. Send them to her in care of this newspaper, enclosing a self-addressed, stamped envelope.

Every parent I talk to feels guilty. Where did all this guilt come from? What is a parent to say when his child looks at him and yells, "Sure, I'm a mess and it's all your fault!" I realize now our mistake was caring too much and trying too hard. We knocked ourselves out trying to be pals instead of parents.

Last night when I suggested to our "pal" that he show some consideration by bathing more often, he accused us of withholding approval unless he lives by OUR rules. Of course he is right. But they are the only rules we know. They are the rules we were taught: Keep yourself clean. Respect older people. Accept responsibility. The world doesn't owe you anything. Get moving. Make a contribution.

Are we square because we believe it is foolish for a teenager to use mind-altering drugs that kill motivation and make

Drug Abuse Health Matter, Michigan Psychiatrist Says

WASHINGTON (AP) — A Michigan psychiatrist told the House Interstate and Foreign Commerce Committee today that "drug abuse is a health matter and should not be a matter of law."

Dr. Paul Lowinger, associate professor of psychiatry at Wayne State University, appeared for the Council of Health Organizations in opposition to the so-called "No-Knock" bill passed by the Senate and two similar House bills.

The measures would expand the Justice Department's authority in handling narcotics cases, the Senate measure permitting raiders with search warrants to enter sites of suspected abuse without knocking or identifying themselves before hand.

The matters of drug regulation abuse and control, which include pharmacology, clinical medicine, drug production, education and research should be placed in the Department of Health, Education and Welfare," Dr. Lowinger said in a statement prepared for delivery before the committee.

"It is undesirable that drug abuse and addiction problems be placed under the Department of Justice," said Dr. Lowinger, who also is chief of outpatient service for Detroit's LaFayette clinic for the mentally disturbed.

Speaking of the Senate's "No-Knock" bill, Dr. Lowinger's statement said, "it removes Constitutional and legal rights of physicians, medical scientists and patients."

"The Fourth Amendment which protects persons against unreasonable searches is violated," he continued, "by the 'No-Knock' provision which permits federal narcotics officers to enter doctor's offices and other buildings involved in drug treatment and research without the usual safeguards....

The council disapproves the determination by the attorney general of whether a drug has potential for abuse. The Department of Justice is not equipped by personnel or tradition to make these determinations.

The power to categorize drugs as having a potential for abuse could be the power to suppress scientific research and

to use preliminary and incomplete information to restrict investigation and use of new and important therapeutic agents."

The Council of Health Organizations, which claims a membership of 10,000 physicians, nurses, students and health workers, was formed last October by a coalition of the Physicians Forum, the Medical Committee for Human Rights and Physicians for Social Responsibility.

The Medical Committee for Human Rights demonstrated last July at the annual meeting of the American Medical Association and originally was formed in 1964 to provide medical services for civil rights workers in the South. The Physicians Forum has supported social security for physicians and health insurance programs (including Medicare). Physicians for Social Responsibility opposes American involvement in Vietnam and production of chemical and biological weapons.

Michigan School Vandalism Runs Over \$7 Million

LANSING (AP) — School vandalism costs in Michigan topped the \$7 million mark for the past five years, says a Republican state senator who conducted his own survey of school superintendents.

Sen. L. Harvey Lodge of Waterford said his study — incorporating reports from 350 superintendents — also showed "a steady increase" in school vandalism.

"Every citizen should be concerned because this not only increases your taxes but your insurance as well," he said, "and destroys the opportunity of those who desire an education to obtain one."

Lodge urged Michigan residents to support pending legislation that would authorize stiffer penalties for destruction of public property and disruption of classroom activity.

Reports on vandalism were solicited from some 526 school superintendents. Some two-thirds responded.

Up to 1789, a one-way ticket to the Bastille was a lettre de cachet, a royal order for imprisonment. A man with influence could get one, and then merely by filling in a name he could jail a business competitor, a black sheep son, a rival in love, or a difficult in-law.

Death Of Quint Ruled 'Natural'

MONTREAL (AP) — Marie Houle, one of the Dionne quintuplets, died of a blood clot, according to a preliminary autopsy report. She apparently died a week ago today. Her body was found Friday.

Marie, separated from her husband, was reported by Dr. Marcel Bernier, her physician, to have been in a state of depression for several weeks, but the autopsy report said death was due to natural causes.

Quintuplet Emilie died in 1954, and three of the sisters, born in 1934, survive: Cecile, Annette and Yvonne. They and their parents, Mr. and Mrs. Oliva Dionne of Callander, Ont., will attend Marie's funeral services here Tuesday.

CHARLES A. ZAWACKI,

U. S. Army Staff Sergeant, received the Bronze Star medal at Fort Rucker, Ala., recently. He is the son of Mr. and Mrs. Charles B. Zawacki of Perronville and is a graduate of the Bark River-Harris High School. Zawacki, 30, earned the award for outstanding meritorious service against a hostile force in Vietnam. He is now assigned as an instructor at Fort Rucker. He entered the Army in June, 1963, completed basic training at Fort Knox, Ky., and was last stationed near Phu Bai, Vietnam. His wife, Donna, lives in Ozark, Ala.

Guest To Speak

EAST LANSING (AP) — Ed. gar "Bud" Guest, radio personality with Detroit station WJR, will be the featured speaker at the Eighth Annual Retirement and Social Services Award Dinner for Michigan State University employees March 25.

State Atty. Gen. Louis J. Lefkowitz named the following airlines: Air Canada, Air Jamaica, Air France, Aeronaves De Mexico, British Overseas Airways Corp., British West Indian Airways, Finnair, Iberia Air Lines, Japan Air Lines, KLM Royal Dutch Airlines and Lufthansa.

Summons and complaints

being issued seek to bar the planes from discharging gas,

smoke and fumes while landing and taking off at Kennedy.

He said Western experts believe the Soviet Union is developing a rocket with larger booster power than America's 7.5-million-pound thrust Saturn 5—possibly with more than 12 million pounds.

"But that doesn't mean it will put up twice as much weight as the Saturn 5," he said. "There is no evidence they have perfected high energy fuels like the hydrogen used in Saturn 5 upper stages."

Technical Problems Cut Down Russ Space Efforts

DAYTONA BEACH, Fla. (AP) — A U.S. expert believes the Soviet space program has been set back by technical problems, including trouble with large rockets that could ferry men to the moon.

Dr. Charles Sheldon II said many observers feel the Soviet Union's Proton rocket was intended to boost men on a lunar orbit flight last year, and commented:

"The Cosmos 300 and 305 launchings last year have all the earmarks of unmanned lunar orbit failures."

"Both were boosted by the Proton rocket. One apparently stayed in earth orbit less than one revolution and the other left lots of debris in earth orbit."

"Why haven't they launched any men to the moon? I, for one, wouldn't want to ride on that rocket."

Sheldon is chief of the Science Policy Research Division of the Library of Congress Legislative Research Service. He spoke to a group of technical societies recently.

He said Western experts believe the Soviet Union is developing a rocket with larger booster power than America's 7.5-million-pound thrust Saturn 5—possibly with more than 12 million pounds.

"But that doesn't mean it will put up twice as much weight as the Saturn 5," he said. "There is no evidence they have perfected high energy fuels like the hydrogen used in Saturn 5 upper stages."

He said there has been no hint the large booster has been test fired, indicating possible trouble.

Sheldon noted a Soviet boast before the Apollo 8 moon orbit flight in 1968 that when Americans reached the moon, Russian cosmonauts would be there to greet them.

"That talk stopped after Apollo 8," he said. "And Russian space officials said they had temporarily abandoned a moon landing attempt to concentrate on developing an earth-orbiting space station."

Sheldon said the simultaneous Soyuz 6, 7 and 8 manned flights last October probably were a step in that direction but that they may have failed in a linkup attempt.

He said that cosmonaut Alexei Leonov, the first man to walk in space, told Japanese newsmen last spring that Japan's Expo 70 should be prepared to display

DNR Pays Up

LANSING (AP) — The State Department of Natural Resources is mailing out 1969 payments in lieu of taxes to 82 counties for conservation lands purchased after 1933. More than \$1 million will be paid out when the mailings are completed in March. Eaton is the lone county not on the list. The payments range from a high of \$258,000 for Oakland County to a low of \$94 for Keweenaw County.

Chicago Prices

BUTTER & EGGS
CHICAGO (AP) — (USDA) — Butter: Wholesale selling prices unchanged; 92 A 67.59¢; 90 B 65.59¢.

Pill Called 'Time Bomb' By Surgeon

WASHINGTON (AP) — A surgeon with half a century experience in breast cancer told Congress today The Pill is a "potential time bomb with a fuse 15 to 20 years in length."

"Although there is no conclusive evidence that oral contraceptives cause breast cancer, the potential hazards involved in their protracted use by young healthy women cannot be ignored," said Dr. Max Cutler.

Cutler is medical director of the Beverly Hills, Calif., Cancer Research Foundation. He commented in testimony prepared for delivery before a Senate monopoly subcommittee that has kicked up a storm of controversy during a month-long investigation into the safety of The Pill.

Underscoring that controversy, another witness today questioned the subcommittee's right to even hear such testimony, blamed it for causing a wave of abortion-seeking and said attempts to project future harm were irresponsible.

"Scientific information cannot be resolved in a democratic approach or by majority vote," said Albert Schulman, associate professor of obstetrics and gynecology at New York's Albert Einstein College of Medicine.

"The pills," said Schulman, "have probably been the most carefully scrutinized medication in medical history and we have been hard-pressed to find any significant permanent or harmful effect from using these agents."

Rejecting attempts to predict

The Pill will cause cancer in 20 years or less, Schulman said: "This kind of yardstick cannot be applied ... for if it were, penicillin would only have been released for usage during the past two or three years and thereby have deprived millions of its benefits."

Schulman was called at the request of Republican members of the subcommittee. They have been among the strongest critics of these hearings.

Cutler stopped short of recommending a ban on The Pill, saying "it is neither dangerous enough to condemn out of hand, nor safe enough to prescribe as a universal panacea."

Devotions will be led by Mrs. Douglas Walker. Mrs. A. M. Gilbert will show slides and tell of her recent trip to the South Seas.

All interested persons in the

community are invited to attend and a special invitation is extended to the men of the church.

Hostesses will be members of the Miriam-Abigail Circle, Mrs. Robert Jensen, Mrs. Douglas Walker and Miss Mary Newton.

Future activities include Friday, March 6, 2 p.m. World Day of Prayer, Immanuel Lutheran Church; Monday, March 16, 2 p.m., Dr. Glen Eschtruth, missionary on a year's leave from Southern Congo, will be guest speaker.

First Methodist WSCS Will Meet On Thursday

The Woman's Society of Christian Service of the First United Methodist Church will meet Thursday, at 7:30 p.m. in the fellowship hall.

Devotions will be led by Mrs.

Douglas Walker. Mrs. A. M. Gilbert will show slides and tell of her recent trip to the

South Seas.

All interested persons in the

community are invited to attend and a special invitation is extended to the men of the church.

Hostesses will be members of the Miriam-Abigail Circle, Mrs. Robert Jensen, Mrs. Douglas Walker and Miss Mary Newton.

Future activities include Friday, March 6, 2 p.m. World Day of Prayer, Immanuel Lutheran Church; Monday, March 16, 2 p.m., Dr. Glen Eschtruth, missionary on a year's leave from Southern Congo, will be guest speaker.

Exercise Classes

Central WSCS Meeting Set For Thursday

The regular monthly meeting on the Women's Society of Central United Methodist Church will be held March 5 at 1 p.m. A pot luck luncheon will be served and the Mary Fritz Circle will host the meeting.

Devotions will be led by the Isabella Thoburn Circle. Program chairmen are Mrs. Bohn and Mrs. Butler. Easter will be the theme of the program.

Following the program a bake sale will be held, sponsored by the John Wesley Circle.

Circle schedule for this month is as follows:

Isabella Thoburn — March 9, 7:30 p.m., at the church.

John Wesley — March 9, 7:30 p.m., at the church.

Edith Parks — March 10, 1:30 p.m., at the church.

Marion Kline — March 10, 8 p.m., at the church.

Clara Swain — March 19, 9:30 a.m., at the church.

Mary Fritz — March 19, 2 p.m., at the church.

Judy — Cindy Messier assisted at the reception held at the Sherman Hotel following the ceremony. The triple tiered cake and decorations followed a Valentine theme. The rehearsal dinner was held at the Old Town Restaurant and was hosted by the bridegroom's parents.

After a wedding trip to California the newlyweds will make their home in Newberry where they are both employed as social workers at the State Hospital.

Mothers of the bridal couple

were presented single white orange corsages.

1970 SPECIAL BASKETBALL EDITION

Eskimos, Crusaders Play Away From Home

Escanaba Chases Seventh Class A Peninsula Crown

Although the Escanaba Eskimos did not enjoy one of their most productive years as far as victories go on the basketball court during the 1969-70 season, they must now focus their attention on what is in store for them this week in the Class A tournament at Marquette, where they will be seeking their seventh U.P. Class A title since 1961.

Escanaba will enter tournament play this season with the same record it had last year, 9-7. The Eskimos' first opponent will be the Marquette Redmen, a team which is composed of most of last year's Class D state champion Bishop Baraga squad. If they should get by the Redmen Thursday night, they would then face Sault Ste. Marie on Saturday night for the U.P. crown and a trip downstate.

Start Slow

The Eskimos started rather slow this season under new coach Bob Thibault, losing three of their four games before the holiday break, but they came back to take eight decisions in their last 12 outings. At one time, they had four game victory string going before losing to Holy Name.

Escanaba finished in a two-way tie with Holy Name for second place in the Great Northern Conference standings this year, losing their chance for the title in the last game of the season when they dropped a 78-74 decision to Menominee.

Escanaba was blessed with a good scoring team this season, averaging 76.5 points per game with 1,224 points in 16 appearances, one of the top marks in the Upper Peninsula and second only to Big Bay de Noc's 77.2 average in the Escanaba area. Defense was the Eskimos' downfall this year, as they allowed their opponents to score 1,168 points for an average of 73.0 points per game.

Top Performer

Leading the Eskimos in just about every department this season was Tom Kangas, a 6 foot 4 inch junior center, who will be around again next season to give Escanaba's opponents plenty of fits. Kangas finished the 1969-70 campaign with 402 points and led the Great Northern Conference in scoring, rebounding and field goal percentage. His 21.5 point per game average ranked high among scorers in the Upper Peninsula and was second only

TOURNEY SITE — Action like that shown above during a recent game at the Gladstone High School gymnasium will be plentiful during the Class B district basketball tournament at the same gymnasium. Teams participating in the event will be the Holy Name Crusaders, the Manistique Emeralds and the Gladstone Braves and action will get underway tonight at 8, when Gladstone and Holy Name clash. (Daily Press Photo)

'March Madness' Hits Again Throughout Upper Peninsula

It's tournament time once again, that time of the year when "March Madness" seems to strike all sports fans throughout the Upper Peninsula.

District tournaments this year will be played at Marquette, Gladstone, Menominee, Negaunee, Iron River, St. Ignace, Norway, Wakefield, Houghton, Rock, Powers, Engadine, Republic and Brimley. All but one of the district winners will then move to the C. B. Hedgecock Fieldhouse on the Northern Michigan University campus in Marquette for regional competition next week. The Engadine district winner will enter regional play at Cheboygan.

Locally, the Escanaba Eskimos will play in the Class A event at Marquette against the Rock High School will play

host to a Class D district tournament involving teams Trenary, Eben, Perkins, Rapid River and Rock. Trenary and Rock meet in the opener tonight at 7:30 while Perkins takes on Eben Wednesday night and Rapid River tackles the Trenary-Rock winner on Thursday.

Another Class D district tourney, this one at Powers, has four teams from the area, Powers, Bark River, Hermansville and Carney, battling for the title. Powers meets Felch in the opener tonight at 8, while Hermansville faces Carney and Bark River plays the Powers-Felch winner on Thursday.

Big Bay de Noc, another of the Escanaba area teams, heads into district tournament action at Engadine, playing the host Engadine team in the tourney opener Wednesday night at 7:30. Grand Marais and Paradise will play the second game 7:30 p. m. Saturday.

The complete schedule of district high school basketball competition in four classes throughout the Upper Peninsula follows (times are Eastern Standard unless otherwise indicated):

Class A

At Marquette—Marquette vs. Escanaba, 7:30 Wednesday; Soo vs. winner, 7:30 Saturday.

Class B

At Gladstone—Holy Name vs. Gladstone, 8 p. m., tonight; Saturday.

At Powers—Powers vs. Felch, 8 p. m. tonight; Hermansville vs. Carney, 7 p. m. Thursday; Bark River vs. Powers-Felch winner, 8:30 p. m. Thursday; championship game, 8:15 p. m. Saturday.

At Engadine—Big Bay vs. Engadine, 7:30 p. m. Wednesday; Grand Marais vs. Paradise, 8:30 p. m. Wednesday; championship game, 8 p. m. Friday.

At Republic—Republic vs. Powers, 7:30 p. m. tonight; Channing vs. National Mine, 7:30 p. m. Wednesday; Ewen-Trot Creek vs. Channing-National Mine winner, 7:30 p. m. Thursday; championship game, 8 p. m. Friday.

At Brimley—Brimley vs. Pickford, 8 p. m. tonight; Soo Loretto vs. DeTour, 8 p. m. Wednesday; Cedarville vs. Brimley-Pickford winner, 8 p. m. Thursday; championship game, 8 p. m. Saturday.

At Houghton—Lake Linden vs. Dollar Bay, 8 p. m. Wednesday; Baraga vs. Painesdale, 7 p. m. Friday; Chassell vs. Lake Linden-Dollar Bay winner, 8:30 p. m. Friday; championship game, 2 p. m. Saturday.

At Wakefield—Marenisco vs. Ironwood Catholic, 7 p. m. tonight; Watersmeet vs. Wakefield, 8:30 p. m. tonight; White Pine vs. Marenisco-Ironwood Catholic winner, 7 p. m. Thursday; Bergland vs. Watersmeet-Wakefield winner, 8:30 p. m. Thursday; championship game, 8 p. m. Saturday.

Eskimos had previously won Class A crowns in 1961, 1962, 1963, 1966, and 1967. Before joining the Class A ranks in 1961, the Eskimos won three Class B titles in 1944, 1946 and 1960. After Holy Name's 12-4 record this season, LeDuc's eight-year career mark shows 103 victories and 64 defeats.

Holy Name Quint Posts Best Mark Since 1964 Team

Tournament opponents of the Holy Name Crusaders, beware. The Crusaders are taking the same ball-hungry defense and overpowering rebounding corps into tourney play which helped them post the finest record that they have had since 1964.

Playing for the first time under Gordon LeDuc, who guided Marquette Bishop Baraga to State Class D title last year, the Crusaders came up with a 12-4 record during the season, the same as that recorded by the 1964 quint.

Holy Name started the season with a pair of victories over Manistique and Gladstone, the Crusaders opponents in the district tourney, before dropping a 70-69 decision at Munising. They then put together a three-game victory string that was snapped by Escanaba and followed that with a five-game streak, which was broken at West Iron County. They then came back to avenge the defeat to Escanaba before losing to Menominee and defeating Iron Mountain.

Holy Name finished in a second place tie with Escanaba in the Great Northern Conference race with a 7-3 mark. The Crusaders were involved in a three-way battle for the title with the Eskimos and Menominee most of the season, but they were eliminated by a 54-49 loss to Menominee in the next to the last game of the season.

The Crusaders enter tournament play with a young, but talented crew. Only three seniors, Dan Young, Steve Kleiman and Bob McGinn, are listed on the Holy Name roster this season, giving them a fine nucleus back for next year.

Two of the Holy Name underclassmen, junior Joe Harvey and sophomore Bill Skradski, led the Crusaders in rebounding and scoring this season. Harvey, the gigantic 6 foot 5 inch center, pulled down a total of 414 rebounds, while Skradski, a deadly outside shooter, came up with 268 points for an average of 16.8 points per game, just ahead of Young's 252 points and 15.8 mark.

Harvey had an individual high of 29 rebounds in a game with West Iron County, just three short of the Holy Name High School record of 32 set by Cox Yagodzinski against Manistique in 1962. Holy Name just missed a team record in the same West Iron County game, when their 84 rebounds fell one short of the 85 the Crusaders got against Gladstone in 1960.

Holy Name's biggest asset this season was its defense. The Crusaders only gave up 20.2 points and 64.62 victory in the fifth overtime.

Maroons Snare Class B Crown In Unusual Way

Who will ever be able to forget how the Menominee Maroons won their third straight Upper Peninsula Class B basketball title last season?

Menominee went into the regional tournament at Marquette with an 18-2 record, including a 15 game winning streak. The Maroons disposed of the Negaunee Miners in the regional opener by a 78-54 margin.

Then came the big game against the Gladstone Braves, who had won the right to meet the Maroons in the finals upending Ironwood 75-54. The two teams ended regulation play knotted in a 62-62 tie. They then went scoreless for four overtimes before Dewey Bellisle threw in a field goal from about 40-feet to give Menominee a 64-62 victory in the fifth overtime.

Young Emeralds Look To Future

Coach Norman Jahn, in his first season at the helm of the Manistique Emeralds, found out it takes experience to win basketball games, as the Emeralds closed out the 1969-70 campaign with just two victories against 14 defeats.

Both of Manistique's victories were against Great Lakes Conference opponents, Sault Ste. Marie and Munising, and gave the Emeralds a 2-10 record in league play, good for seventh place. The highlight of the Emeralds' season had to be the victory over Munising, the defending conference champion which had a veteran team back this season.

As a team, Manistique scored 1,029 points this season for an average of 64.3 points per game, while it gave up 1,187 for an average of 74.2 points per game.

Jenerou was the only Emerald player to top the 100 mark in rebounding with 146, while Mickelson had 93, Webber 55 and Aldrich 45.

Manistique drew a bye in the first round of the Class B district tournament at Gladstone and will play the winner of the Holy Name-Gladstone game for the district championship on Friday night.

The Emeralds' season record: 60 Ishpeming 79

Lone Veteran Sparks Gladstone To 9-8 Mark In 1969-70 Season

Despite the return of only one veteran regular from last year's team, the Gladstone Braves surprised a few people during the 1969-70 campaign under new coach Jack Ingalls and finished the season with a 9-8 record.

The Braves won their district tournament last year and went all the way to the regional finals before losing to Menominee in five overtimes. Four

No Defender Left In Class D Ranks

When basketball teams around the Upper Peninsula begin tournament play this week, one thing is definitely sure—a new Class D champion will be crowned in the U.P.

Marquette Bishop Baraga, last year's Class D champion in the Upper Peninsula before going on to win the State Class D title, closed for good at the completion of the 1969 school year. Bishop Baraga claimed the U.P. title when it defeated Powers-Spalding in the regional finals at Marquette last year.

Four of the starters on the Bishop Baraga team from last year, Bob Leanes, Russ Olivier, Steve Hampton and Fred Huffman, went on to star for Marquette High School in the Class A ranks this season.

Trenerry finished one game against Rapid River this season with just three players on the floor after losing the other members of the squad because of fouls.

Houghton After Class C Repeat

The Houghton Gremlins will enter tournament competition this week as the defending Upper Peninsula Class C champions.

Houghton captured the crown during last year's regional tournament at Marquette by defeating Crystal Falls 57-53 in its opening game and then coming back to knock off St. Ignace 55-55 in the championship game.

The Gremlins then advanced to the state Class C semifinals before losing to Saginaw St. Stephens by a 52-47 margin.

Eskimos Claim Class A Crown In 1969 Event

Coach Bob Thibault's Escanaba Eskimos are the defending Upper Peninsula Class A basketball champions.

Escanaba drew a bye in last year's Class A tournament and then defeated Sault Ste. Marie by a 61-58 margin for the title.

The Eskimos were then defeated by Grand Rapids Ottawa Hills in the first game of regional competition by an 85-41 score.

Escanaba had previously won Class A crowns in 1961, 1962, 1963, 1966, and 1967. Before joining the Class A ranks in 1961, the Eskimos won three Class B titles in 1944, 1946 and 1960.

After Holy Name's 12-4 record this season, LeDuc's eight-year career mark shows 103 victories and 64 defeats.

LeDuc Joins Century Club

Gordon LeDuc, a native of Marquette and basketball coach at Holy Name High School, joined the Century Club this season when his Crusaders dumped Manistique on Feb. 3 by a score of 84-65.

LeDuc is one of two sons of Mr. and Mrs. Francis X. LeDuc who are coaches in the Upper Peninsula. His brother, Roger, coaches at Kingsford High School, one of Holy Name's opponents in the Great Northern Conference.

Gordy began his career at Powers and compiled a 22-19 record during his two-year stay. Two years at Negaunee St. Paul followed, where his teams posted an outstanding 38-8 record. Before coming to Holy Name, he coached at Marquette Bishop Baraga, where his record was 31-33, including a state championship in 1969.

Escanaba had previously won Class A crowns in 1961, 1962, 1963, 1966, and 1967. Before joining the Class A ranks in 1961, the Eskimos won three Class B titles in 1944, 1946 and 1960.

After Holy Name's 12-4 record this season, LeDuc's eight-year career mark shows 103 victories and 64 defeats.

Houghton Captures State Class C Basketball Title

By The Associated Press

The Pontiac Central Chiefs will have to turn in their head-dresses and the Cavaliers of Saginaw Carrollton their plumed hats.

The Gremlins of Houghton will have to exchange their leprechaun caps and the Rams of North Adams must file down their spiraled horns.

Why? -- To make room for crowns of supremacy, for each team reigns supreme in its respective class in the final 1970 Associated Press high school basketball poll of sportswriters and sportscasters.

There were no repeaters from last year.

Pontiac Central garnered a perfect 50 points to finish No. 1 in Class A, a spot it held since the first poll this season which was nine weeks ago. Coach Ralph Grubb's squad finished the regular season with a 16-0 record, with much credit belonging to 6-foot-6 junior center Cam Russell.

Last year the Chiefs finished eighth in the poll. Flint Central, which was sixth both last season and this, was the only other top 10 team to finish among the leaders both times.

Ferndale and Detroit Kettering finished 2-3 in a tight bid for second this year. But Ypsilanti, No. 1 in 1969, got just one vote for honorable mention.

Earlier this year coach Ron Vondette of Carrollton said his players "know they can do it now, whereas last year they just wondered." The well-balanced Cavaliers rolled to a 17-0 record and collected 47 poll points, five better than runner-ups Muskegon Heights and defending Class B champ River Rouge.

The only other repeater from

last year's top 10 was No. 5 Bay City All Saints, 10th in 1969.

Houghton, behind its potent one-two punch of Brian Salo and Gary Lange, finished 17-0 in Class C. Together Salo and Lange have averaged about 60 points a game for Coach Fritz Wilson's Gremlins.

Only one point separated the No. 2 Class C squad Eau Claire from No. 3 Frankenmuth. Last year Frankenmuth was fifth and Eau Claire 10th. St. Ignace LaSalle was eighth last time and 10th this season as the only other repeater, while the 1969 Class C king Detroit St. Martin DePorres was not rated.

In a final week coup, North Adams climbed from the No. 2 spot it held most of the year behind Fowler and finished atop the Class D list. Fowler lost a game last week and fell to third behind Kingsley.

Los Angeles at Baltimore

San Francisco at Boston

Cincinnati at San Diego

Coach Alan Williams' Rams polled 49 points and ended 17-0. Last year the team was not rated.

There wasn't one team from last year's final top 10 that made the grade in 1970, including ex-No. 1 Wyandotte Mount Carmel.

The poll is conducted by a panel of five members in each class, including a chairman. Votes are given on a scale of 10 for first through one for 10th. Non-panel AP members notify the voters of teams in their area they feel worthy of ranking.

Won-Lost records do not include tournament games.

CLASS A

Place	Team	Record	Poll
1.	Pontiac Central	16-0	59
2.	Ferndale	16-0	43
3.	Detroit Kettering	13-1	42
4.	Battle Creek Central	16-1	35
5.	Grand Rapids Union	14-2	26
6.	Flint Central	12-2	22
7.	Grand Rapids Seaford	14-2	18
8.	Detroit King	12-2	16
9.	Huron Northwestern	10-2	14
10.	Garden City West	16-0	7

CLASS B

1.	Saginaw Carrollton	17-0	47
2.	Tie Muskegon Heights	15-2	42
3.	River Rouge	14-3	30
4.	Flat Rock	15-1	29
5.	St. Ignace LaSalle	15-2	21
6.	St. Ignace LaSalle	14-1	21
7.	Inkster	15-1	17
8.	Bronson	18-0	15
9.	Holland Christian	15-3	10
10.	Tie Onsted	16-0	9

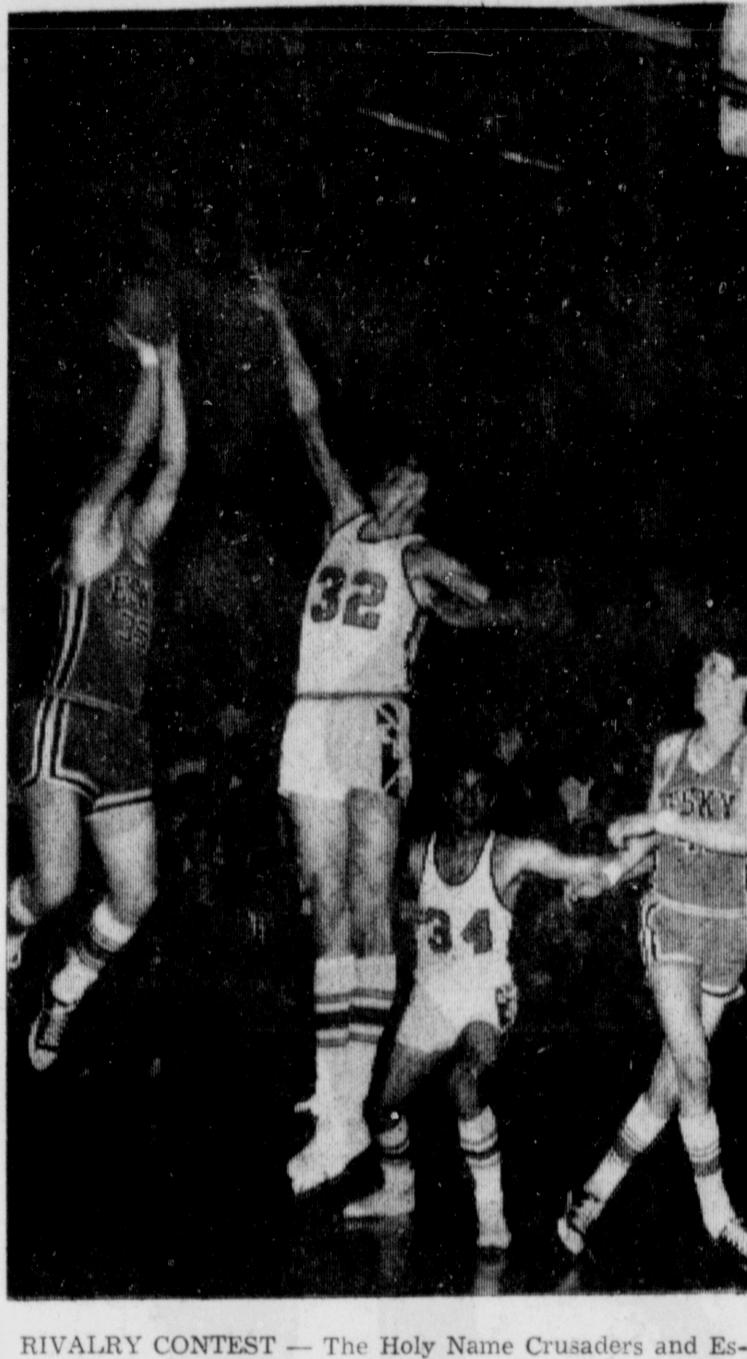

CLASS C

1.	Houghton	17-0	48
2.	Eau Claire	15-0	43
3.	Frankenmuth	17-0	42
4.	Stockbridge	17-0	32
5.	Saginaw St. Stephen	16-1	31
6.	Flint Bendale	15-1	15
7.	Tie Orchard Lake	15-1	13
8.	St. Ignace LaSalle	15-1	12
9.	Pontiac Catholic Cent.	15-2	10
10.	Muskegon Christian	15-3	10
11.	Tie Onsted	16-0	9
12.	St. Ignace LaSalle	15-1	9

CLASS D

1.	North Adams	17-0	49
2.	Kingsley	17-0	45
3.	St. Ignace LaSalle	16-1	39
4.	Nahma Big Bay DeNoc	15-1	36
5.	Flint Holy Redeemer	15-2	26
6.	Mendon	16-1	22
7.	Twining Arenac Eastern	16-2	19
8.	Bergland	13-3	14
9.	Peck	15-2	13
10.	Bellaire	14-2	13

Honorable mention: Wakefield.

RIVALRY CONTEST — The Holy Name Crusaders and Escanaba Eskimos met twice this season and wound up splitting. The Eskimos took the first game by a 76-65 margin and the Crusaders won the second 68-57. Here Bill Dubord (35) of the Eskimos shoots over the outstretched arm of Steve Kleiman (32) of the Crusaders. (Daily Press Photo)

Lange Triumphs In Scoring Race

MARQUETTE — Gary Lange of Houghton managed to come up with the scoring title in the Upper Peninsula for the 1969-70 season with a 32.8 average, just ahead of the 30.8 mark set by Larry Laitala of Champion.

Lange finished the season with a total of 557 points in 17 games, while Laitala had 523 points in the same amount of games. Both players had individual highs over the 60-point mark this year, Laitala getting

Five Players Top 600 Mark

Only five players have scored more than 600 points during a regular high school basketball season in the Upper Peninsula.

One of them, Trout Creek's Jim Manning, did it twice. In 1960 he won the U. P. scoring title with 608 points, the first time that anyone had gone over the six-century mark in the U. P. The following year he bettered that total with 646 points, but he had to take a back seat to Hermansville's Erwin Scholtz, who posted a fantastic 712 points for an all-time high average of 39.6 points per game.

Since then, Champion's Bill Koski netted 609 in 19 games in 1963, Hermansville's Ron Povolo had 661 in 19 games during the 1965 season and Trout Creek's Bob Gale collected 611 in 1966.

Each of them won U. P. scoring championships with their big totals.

65 points in one outing and Lange throwing in 60.

Lange is the fourth straight member of the Copper Country circuit to win the U. P. championship. Top point producers in the last three years were Gerry Gerard of L'Anse in 1967 with 517 points in 17 games, Deane Kent, also of L'Anse, with 504 points in 16 games during 1968 and Gary Moberg of Baraga, who had 534 points in 18 games during 1969.

Also included on the honor roster released today by James E. Trethewey of the Mining Journal staff were the top six scorers from the Escanaba area. Dick Smith of Powers was third, Tom Kangas of Escanaba was fifth, Cliff Young of Gladstone was ninth, Bill Hartman of Big Bay de Noc was 10th and John Perras of Carney was 22nd.

This year's list of 20-point scorers included 23 players, one less than a year ago.

The top scorers in the U. P. are:

Player	Team	Pts. G Avg.
G. Lange	Hough.	557 17 32.8
L. Laitala	Champ.	523 17 30.8
D. Smith	Powers	471 18 30.8
S. Sundholm	Felch	466 18 25.9
S. Kangas	E Esc.	457 17 26.4
D. G. Gwin	Big Bay	418 17 24.6
B. Salo	Houghton	417 17 24.5
B. Pantti	Repub.	435 18 24.2
C. Young	Gladstone	396 17 23.3
B. Hartman	Big Bay	370 18 23.1
G. Danielson	Champ.	406 18 22.6
M. Wicksstrom	Baraga	355 17 22.1
T. Fitzpatrick	Rud.	375 17 21.8
W. Jaakkola	Chassell	279 13 21.8
E. Edberg	Felch	379 18 21.1
J. Berglund	Bergland	377 18 20.9
A. Bessen	Ewen-T. C.	376 18 20.6
J. G. Gobray	Channing	374 18 20.8
D. Hawks	Crystal F.	354 17 20.8
R. Bray	Norway	348 17 20.5
J. Perras	Carney	361 18 20.1
T. Froberg	Gwin	341 17 20.1

PLAYER REP AT 24

PHILADELPHIA (AP) — Rick

Wise, the Phillies' 15-game pitching winner, is the youngest player representative in the major leagues. He is 24 years old. Wise was 18 when he broke in with the Phils.

DAN YOUNG, one of three seniors on the Holy Name Crusader roster this season, is shown above driving for a layup in one of the Crusaders' home games. Young combined with Bill Skradski to give Holy Name a top one-two scoring punch this season.

Roger LeDuc, basketball coach at Kingsford High School, and Gordon LeDuc, Holy Name cage mentor, are brothers.

Sports Writers Face Tough Job

Any basketball player in the Upper Peninsula with aspirations of making the All-U.P. basketball team for 1969-70 will have his work cut out for him, as there are 18 returnees from last year's team who will be prime candidates for honors this season when the U.P. Sportswriters Association meets in Hermansville for its annual spring meeting.

Of the 18 players back this year from last year's teams, seven received berths on one of the four first teams in each of the different classes. Two of the 18 players, Bob Leanes and Steve Hampton, both played for Marquette Bishop Baraga in Class D last year and will now have to seek a berth on the Class A team this year, since they are now playing with Marquette High School.

Their competition in the Class A ranks will come from Tom Kangas of Escanaba and Bob Schacht, a teammate at Marquette. Kangas made the team last year as a sophomore and

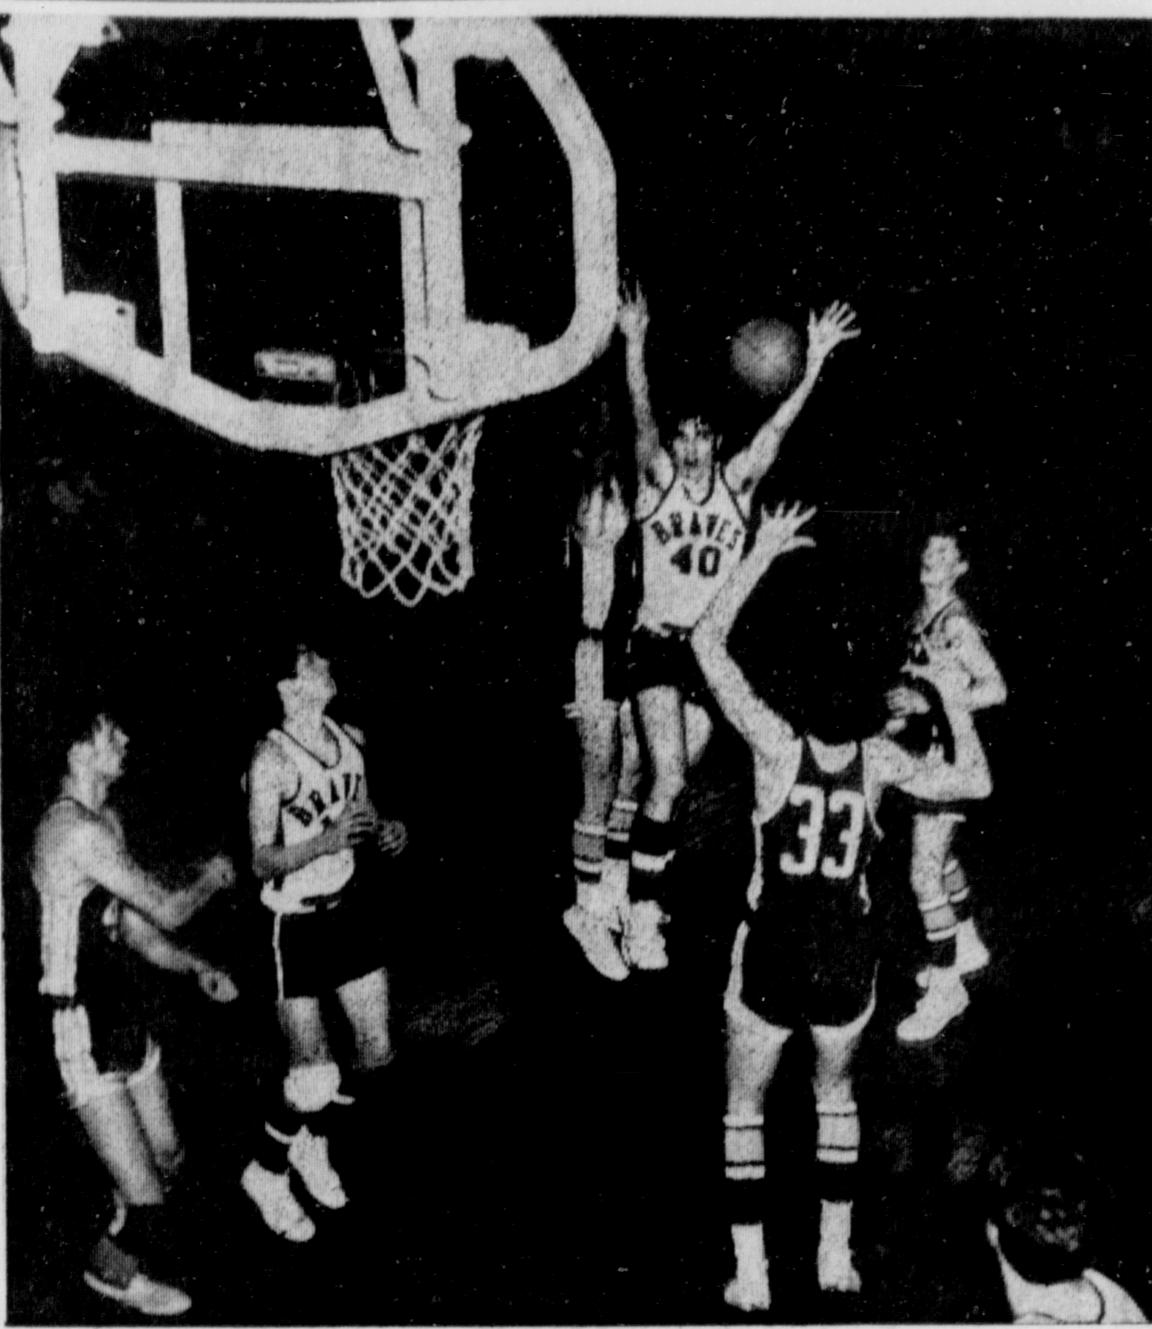

his showing this season has indicated that he will be tough to move off the honor squad. Schacht also has performed well this season, and it just may be that two of the berths are already taken care of.

Dick Brown of Gwinn is the lone returnee from the Class B ranks and the 6 foot 5 inch Model Towner has shown that he will again be a favorite for honors this season with his great scoring and rebounding ability.

Back for another try in the Class C division are Leo Donovan of St. Ignace, Brian Salo and Gary Lange of Houghton and Larry Dunklee of Munising, all first team selections last year, and Ray Bray of Norway, Dale Hawks of Crystal Falls, John McKinnon of St. Ignace and Dave Wickstrom of Munising, all members of the Class C second team.

In addition to Leanes and Hampton, other players gaining recognition on the Class D team at least year's sports-writers' meeting were Dick Smith of Powers-Spalding, John Berglund of Bergland, Larry Laitala of Champion, Bill Hartman of Big Bay de Noc and Mike Schweig of Wakefield, all of whom were named on the second team. The sports writers decided to name a total of 15 players on last year's Class D team, five on the first team and ten on the second squad.

All of the players already mentioned, plus many newcomers and performers who were given honorable mention last year may make the sports writers' job even tougher this season. It will be hard to leave anybody's name off the honor list.

BALCONY VIEW — Fans sitting in the balcony of the Gladstone High School gymnasium can see the game like this. Here Cliff Young (40) gets off a field goal attempt around a host of Stephenson players in a recent game between the two teams. (Daily Press Photo)

Holy Name JV's Win League Title

Championship honors in the Great Northern Conference's junior varsity race went to the undefeated Holy Name Jayvees this season.

The Crusaders finished conference play with a 10-0 mark, while West Iron County was 8-2, Escanaba 5-5, Menominee 4-6, Iron Mountain 2-8 and Kingsford 1-9.

Holy Name's overall season record was 14-2 and Escanaba finished with a 7-9 mark.

Alcindor Makes Rebounding Bid

NEW YORK (AP) — Elvin Hayes, who saw enough of Lew Alcindor in college, is seeing more of him as a pro.

The two centers made headlines with their meetings a few years ago and now Hayes is trying to keep ahead of Alcindor in the National Basketball Association's rebound race.

Alcindor has made inroads in his runnerup spot, NBA figures disclosed today.

The Milwaukee rookie, after another good week's work ended

March 1, has boosted his average to 14.7.

Jerry West of Los Angeles continues to lead in the scoring race with a 31.1 average. Alcindor is second with 28.1 and Hayes, third with 27.7.

Len Wilkens, Seattle's player-coach, continues to lead in assists with 613, for a 9.3 per-

game average.

Safford was the team's leading rebounder with 173 and he got help mainly from Boyer, who had 152 and Sam Johnson, who had 148. Others chip-

ping in were Larsen with 71, Siffrids 54, Morin 33, Pasi 27, Sundquist 11, Holmgren and Mike Johnson 5 and McClintchy 1.

During the regular season, Rapid River scored 1071 points for an average of 66.9 points per game, while they allowed 1,065 for a 66.6 mark.

Rapid River's season record:

70 DeTour 54
82 Engadine 74
80 Rock 33
73 Eben 67
63 Big Bay 77
62 Norway 89
76 Perkins 87
65 Trenary 57
67 Bark River 68
48 Big Bay 63
64 Eben 58

70 Perkins 66
55 Norway 80
52 Bark River 57

Starr To Talk At Stephenson

STEPHENSON — Bart Starr, famed quarterback of the Green Bay Packers, will be the guest speaker at the annual Stephenson High School athletic banquet, which has been scheduled for Tuesday, April 28.

At this event, all athletes and cheerleaders of the school are honored and presented awards. The banquet is open to the public and no advance reservations are needed.

The banquet is sponsored annually by the Booster Club of Stephenson High School in cooperation with the school athletic department.

MIKE COUSINEAU broke into the Escanaba Eskymo starting lineup in his first season on the varsity and made a valuable contribution with his clutch shooting. He was second to Kangas this season in the scoring department.

Eleven of the twelve players on the Holy Name Crusader roster at the end of the 1969-70 basketball season went over the 6 foot mark.

Loss Of Morin Hurts Rockets

With a veteran team returning this season, a lot of fans expected great things to happen to the Rapid River Rockets during the 1969-70 basketball season, and it could have been a good year for Coach Bob Debelak and his squad if one injury had not occurred.

Rapid River started by winning its first four games of the season before suffering successive losses to Big Bay de Noc and Norway, a Class C team. Then the Rockets entered the Central League Holiday Tournament at Eben, where they won two games and lost one, but the one loss was a costly one.

In that holiday tourney loss, Rapid River lost the services of senior guard Dale Morin, who was the team's leading scorer at the time. Morin's injury caused Debelak to go to his bench for the rest of season to use good, but inexperienced players.

After the holiday break, Rapid River only won four of ten decisions and wound up the season with an 8-8 record, not counting the 2-1 mark in the holiday tourney.

Dale Pasi, another senior guard, led the Rockets in the scoring department this season with 216 points, while Dan Safford and Jeff Boyer also hit the 200 mark with totals of 204 and 200 respectively.

Following them in the scoring column were Sam Johnson with 174 points, Chuck Larsen 158, Mark Siffrids 128, Morin 113, Dan Sundquist 27, Mike Johnson 13 and Jeff McClintchy 3.

Safford was the team's leading rebounder with 173 and he got help mainly from Boyer, who had 152 and Sam Johnson, who had 148. Others chip-

ping in were Larsen with 71, Siffrids 54, Morin 33, Pasi 27, Sundquist 11, Holmgren and Mike Johnson 5 and McClintchy 1.

Coach Bob Thibault

LEFT TO RIGHT: Rick Jensen, Doug Howard, Bob Thompson, Rick Brookes, Tom Kangas, Coach Bob Thibault, Dennis O'Connell, Gene Timmer, Bill Dubord, Bob Gauthier, Mike Cousineau and Bob Stacey. Shown in front are injured player Steve Rosemurgy, student manager David Pultz, student manager Mark Olson, injured player Dave Moberg and student manager Gerald Robitaille.

The Eskymos will have their work cut out for them as they face a rugged Marquette Redman team that has defeated them on two occasions, and also the Soo Blue Devils, in the three team Class A Upper Peninsula tournament. But the truth of the matter is, the Eskymos can and will give any team all the battle they would ever want in any given game. They are an experienced, rangy team that has scored in excess of 80 points on six different occasions this season, and when you can pour that many points through the hoop, you're going to win ball games.

The Crusaders are blessed with a veteran team that has one of the finest seasons in Holy Name history. Not only this, they are blessed with a new coach, Gordy LeDuc, who has the tournament savvy that saw his Bishop Baraga team win the State Class D title last year. In tournament action, they will be facing the Gladstone Braves and the Manistique Emeralds, teams which they have posted victories over on both occasions that they met this season. All in all, we look for the Crusaders to come through the tournament campaign in fine fashion.

Coach Gordy LeDuc

Black Bears Fashion Best Record Among Area Fives

Except for one point, the 1969-70 basketball season would have been a perfect one for Coach Dave Pelletier and his Big Bay de Noc Black Bears, but they still managed to fashion the best record of any team in the Escanaba area this season, putting together a 17-1 mark.

The Black Bears won 12 straight games before falling to Perkins by a 75-74 margin, but they finished out the campaign by winning their next five contests, while also picking up the championship in the Central League with an 11-1 mark.

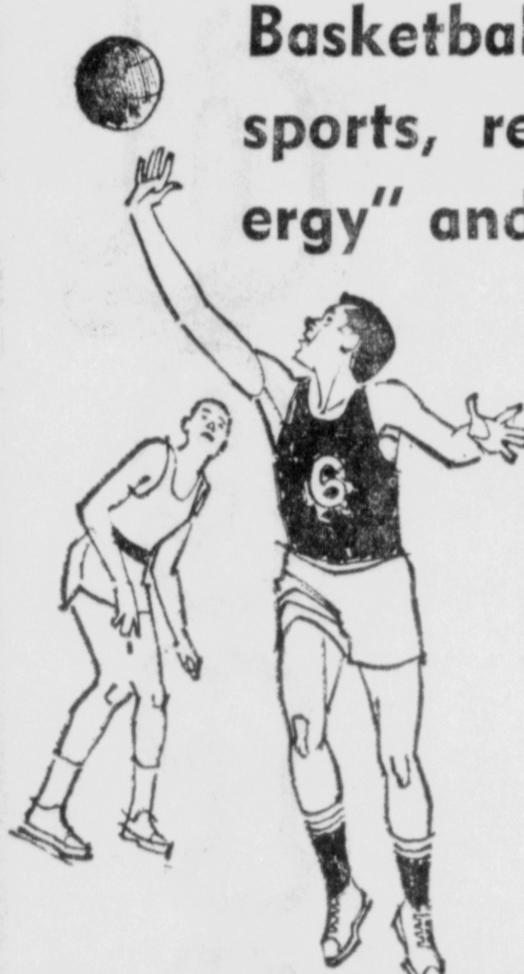

Big Bay de Noc was the highest scoring team in the Escanaba area this season, scoring 1,390 points in 18 games for an average of 77.2 points per game. The Black Bears allowed their opponents just 1,056 points for an average of 58.7 points per game.

All five Big Bay starters averaged over ten points a game, led by high scoring Bill Hartman, who threw in 370 points in 16 appearances for an average of 23.1 points per game. Following Hartman were John Lewandowski (17.9), Dave Hardwick (11.0), Kim Hartman (10.8) and Herb Pomeroy (10.3).

Both Hartman and Lewandowski went over the 1,000 point mark in three years at Big Bay de Noc High School. In addition to Hartman's 370 points, Lewandowski had 323, Kim Hartman 194, Hardwick 187, Pomeroy 185, Wayne Clement 98, Perry Tatrow 12, Randy Strasler 8, Turk Kaiser 5 and Rod Groleau and Brian Rochefort 4 each.

GOOD LUCK, BASKETBALL PLAYERS... DURING YOUR DISTRICT TOURNAMENTS!!!

Basketball, like many other sports, requires "Instant Energy" and these players know that milk is one of the best ways of getting energy!

Whether you are a player or a spectator...

... You'll Have More Energy, More Enjoyment And Just Plain Better Health When You Drink The VITALITY DRINK...

Milk!

Champion Cager Hits 65 Points

Larry Laitala of Champion came through with the best individual effort in the Upper Peninsula this season, coming up with 65 points in his team's 114-75 victory over Feltch.

Laitala threw in 25 field goals and 15 free throws to achieve the mark, which was only six under the U.P. record of 71 held by Irv Scholz of Hermansville, who performed the feat in 1961.

Only the week before, Houghton's Gary Lange connected for 60 points in the Gremlins 134-62 victory over Painesdale. The 134 points made by the Houghton team fractured the old record of 118 points made by L'Anse in 1959.

New Coaches Guide Six Area Quintets

Remembering who was coaching where became somewhat of a problem for basketball fans in the Escanaba area this season, as six of the 13 teams in the area played under new coaches.

Changes included Bob Thibault at Escanaba, Gordy LeDuc at Holy Name, Jack Ingalls at Gladstone, Norman Ingalls at Manistique, John Butrymowicz at Bark River and Dennis Baratono at Hermansville.

Thibault took over as head coach of the Eskymos replacing Bill Howes, who retired to devote more time to his teaching duties. Thibault served as Escanaba's junior varsity coach for six years and piled up a 75-26 record. He had previously coached at Cooks and Kingsford after graduating from Western Michigan University in 1954.

LeDuc, who coached Marquette Bishop Baraga to the state Class D crown last season, replaced Butrymowicz at Holy Name. He formerly coached at Powers and Negauke St. Paul before and going to Bishop Baraga, compiling a 91-60 record at the three schools.

Ingalls took over at Gladstone when Bill Wood announced his retirement at the end of last season to devote full time to his duties as principal of Gladstone High School. Ingalls came to Gladstone after getting previous coaching experience in lower Michigan.

Jahn succeeded Rudi Brandstrom as coach of the Emeralds after Brandstrom announced his retirement from the coaching ranks after the 1968-69 campaign. Jahn graduated from Manistique High School in 1950 and attended the University of Detroit before graduating from Central Michigan University in 1954.

Baratono took over at Hermansville when Dwight Castelaz, the Redskins' coach during the 1968-69 season, resigned to take a position at Norway.

Let's Go Bears!

You've Had A Brilliant Season . . .

On Top Of The Heap After One Of The Outstanding Court Performances Of The Year. The Black Bears Have An Excellent Opportunity For Further Honors, But In Victory Or Defeat They Remain An Outstanding Team And We're Behind Them All The Way.

From Left To Right Kneeling: Rod Groleau, Dave Hardwick, Kim Hartman, Coach Dave Pelletier, Herb Pomeroy, Bill Hartman, and Brian Rochefort. Standing Left To Right: Student Managers Carl Groleau and Randy Burkman, also Wayne Clement, Dennis Benard, John Lewandowski, Randy Strasler, Turk Kaiser, and Perry Tatrow.

Veteran Tigers Post 15-3 Mark During Campaign

After coming up with a 14-4 record last year and making it all the way to the regional finals before losing again, a lot of people expected big things out of the Powers-Spalding Tigers this year, since they had a veteran team returning, and the Tigers did not let any of their fans down.

They finished regular season play with a 15-3 record and captured their second straight Skyline Conference crown. Two of the three defeats were to Class C teams and the Tigers had one of those games, at Munising, in their grasp before dropping a 89-88 decision in overtime.

The third loss was to Skyline Conference opponent Channing and caused the Tigers to go until the last game of the season before clinching sole possession of the crown. Coach Mike Forsberg's quins didn't fold under the pressure of the final game and notched a 65-64 decision over Champion in four overtimes to claim the title.

Powers-Spalding hit the 100-point mark once this season in a 100-51 victory over Pembin and they finished the season with a total of 1,352 points for an average of 75.1 points per game, third best among teams in the Escanaba area. The Tigers allowed just 11.2 points to be scored against them for an average of 62.3.

Senior Dick Smith paced the Tigers in scoring with 471 points, giving him an average of 26.2 points per game, tops in the Escanaba area. His best individual effort was the 41 points he got in the Pembin game, while he had four games over the 30-point mark.

The Tigers were not a one-man team, though. They also had Kim Riedy, another senior who tossed in 311 points; junior Lee Vincent, who had 246 points and senior Don Sharkey, who chipped in with 171.

Other players contributing to the Powers-Spalding point total this year were Bob Mileski with 43 points, John Anderson

35, Roger Kregelka 20, Bill Shesky 16, Mike St. John and Kurt Ekberg 6 and Jim Fazer and Dave Behrend 4.

Riedy led the Tigers in the rebounding department with 164, while Vincent had 147, Sharkey 132, Smith 89, Mileski and Ekberg 25, Anderson 23, St. John 18, Kregelka 14, Shesky 7, Fazer 3 and Behrend 2.

The Tigers are rated heavy favorites to take district tournament honors this week and they begin play tonight in the opening round tonight.

During the season, Rock only scored 840 points in 16 games for an average of 52.5 points per game. Its opponents came up with 1,076 points for an average of 67.3 points per game.

Leading the Little Giants in both scoring and rebounding this year was senior Tom Lippens. Lippens tossed in 276 points for an average of 17.6 points per game and picked off 195 rebounds.

Following Lippens in the scoring department were Joe VanDamme with 150 points, Larry Koski 134, Tony VanDamme 98, Tim Connors 97, Gary Brunngraeber 71, Tom Linjala 68, Vic Bodanyi 42 and Jim Kaukola 6. Bodanyi only appeared in seven games after becoming eligible in the second semester.

Rebounding help came from Koski with 171, Joe VanDamme 155, Tony VanDamme 96, Connors 42, Brunngraeber 20, Bodanyi 10, Linjala 8 and Kaukola 7.

The Little Giants' season record:

Rock Seeking Tourney Title

Although only posting a 2-14 record during regular season play, Coach Kenneth Dean thinks that his Rock Little Giants may surprise few people during the district tournaments this week at the Rock High School gym.

Rock appears to be a tournament team. It went into the Central League Holiday Tournament at Eben and scored victories over Rapid River and Perkins, both district tourney foes and lost only to Trenary, the Little Giants' opposition in the opening round tonight.

During the season, Rock only scored 840 points in 16 games for an average of 52.5 points per game. Its opponents came up with 1,076 points for an average of 67.3 points per game.

Leading the Little Giants in both scoring and rebounding this year was senior Tom Lippens. Lippens tossed in 276 points for an average of 17.6 points per game and picked off 195 rebounds.

Following Lippens in the scoring department were Joe VanDamme with 150 points, Larry Koski 134, Tony VanDamme 98, Tim Connors 97, Gary Brunngraeber 71, Tom Linjala 68, Vic Bodanyi 42 and Jim Kaukola 6. Bodanyi only appeared in seven games after becoming eligible in the second semester.

Rebounding help came from Koski with 171, Joe VanDamme 155, Tony VanDamme 96, Connors 42, Brunngraeber 20, Bodanyi 10, Linjala 8 and Kaukola 7.

The Little Giants' season record:

33 Perkins 49
33 Rapid River 80
46 Bark River 66

Redskins Hoping To Keep Winning

The Hermansville Redskins found out how much fun it was to win in the last two games of the season and just may want to keep up the good habit during tournament play.

The Redskins suffered through one of their most miserable seasons in years, winning just three times in 18 outings, but they broke a 12-game losing streak in the second to the last game of the season by defeating Felch 77-68 and they followed that with a 69-67 victory over National Mine in the final game of the 1969-70 campaign.

Hermansville scored 1,035

BILL SKRADSKI made Holy Name's starting lineup this year as a sophomore and led the team in scoring, averaging close to 18 points a game throughout most of the campaign.

points in its 18 games this season for an average of 57.5 points per game, while its opponents came up with 1,271 points, an average of 70.6 points per game.

Leading the Redskins in the scoring column this year was John Dani, who threw in 325 points for an average of 18.1 points per game. Dani also was the only Hermansville player to top 100 in the rebounding department, picking off 139.

Tim Faccio finished second in scoring with 235 points, while George Maule had 127, Mike Maule 113, Greg St. Julian 87, Scott Bellmore 69, Steve Framar 50, Dave Malone 24 and Tim McClure 17.

Framar was the second leading rebounder with 96 and Mike Maule had 90, Bellmore 65, Faccio 64, McClure 32, George Maule 31, St. Julian 23 and Malone 22.

Hermansville begins tournament play Thursday night against Carney in the Class D district event at Powers.

The Redskins' season record: 56 Bark River 61 58 Carney 61 50 Powers 80 60 Pembine 52 36 Republic 81 48 Channing 83 72 Felch 77 64 Champion 89 60 National Mine 74 46 Carney 48 53 Pembine 69 64 Powers 74 49 Bark River 64 45 Republic 69 65 Champion 84 63 Channing 70 77 Felch 68 69 National Mine 67

NYU MATMEN IMPROVE NEW YORK (AP) — In the space of three years, Coach Roger Slanders has transformed the once struggling New York University wrestling team into a winning combination.

The Violets had not won a match in three seasons when Sanders became the NYU coach in 1967. That season the wrestlers compiled a 6-5 record. In 1968, they won seven of 10 dual meets to tie the school record.

This season the Violet matmen won their first six matches.

Steve Nelson, a freshman at Lake Superior State College, was the first player in Gladstone High School history to score more than 1,000 points in a prep career.

Perkins Makes Strong Finish

After winning a district title last year and with a veteran team back again this season, things really looked good for Coach Vern Nelson and his Perkins Yellowjackets before the 1969-70 basketball season got underway.

Perkins started fast once regular season play began, winning four straight before injuries struck and caused the Yellowjackets to split their next 12 decisions. They came on strong at the end of the season, winning three of their last four games and finished the campaign with a 10-6 record.

The Yellowjackets also participated in the Central League Holiday Tournament and were winless in three appearances to make their overall season mark read 10-9.

Joe Couillard was Perkins' big threat in the scoring column this season, picking up a total of 362 points for an average of 20.1, fifth best in the Escanaba area. He also became only the fourth player in Perkins High School history to score more than 1,000 points, finishing the season with 1,038.

Following Couillard in the scoring column were Ken Simonsen with 307 points, Bob VanDamme 217, Joe Lauscher 128 and Dwayne Couillard 61.

Couillard also was the top rebounder on the squad with 279, while Simonsen had 247, VanDamme 220 and Lauscher 61.

The Yellowjackets scored a total of 1,094 points for an average of 68.1 points per game this season and they gave up 1,039 for an average of 64.9.

Perkins will get its first taste of tournament competition this year when it meets Eben Wednesday night in the Class D district event at Rock.

Perkins' season record:

64 Grand Marais 40 81 Trenary 53 49 Rock 33 76 Bark River 59 91 Felch 98 57 Big Bay 95 54 Trenary 69 87 Rapid River 76 80 Grand Marais 44 74 Felch 63 61 Eben 70 49 Bark River 67 75 Big Bay 74 66 Rapid River 70 61 Eben 59 69 Rock 64

Smith Finishes First In Area Scoring Race

After grabbing the scoring lead in the Escanaba area right from the beginning of the season, Dick Smith of the Powers-Spalding Tigers managed to retain it all season long and come out on top at the end of the campaign with a 26.2 point per game average.

Smith tossed in a total of 471 points in 18 games to give him a 1.1 lead over Tom Kangas of the Escanaba Eskimos, who finished second with 402 points in 16 games for a 25.1 average. Smith and Kangas were the only

players in the area to top the 400-point mark.

Cliff Young of Gladstone finished in third place with a 23.3 average, just two-tenths of a point ahead of Big Bay de Noc's Bill Hartman, who had a 23.1 mark. Hartman won the scoring title in the Escanaba area with a 22.5 average last year.

The only other two players to top the 20-point mark in averages were Joe Couillard of Perkins and John Perris of Carney, both of whom finished with 20.1 averages.

Smith, Kangas, Perris and Kim Riedy, a teammate of Smith's at Powers, were the only players in the area to score in double figures every game, making it the second year in a row that Smith has performed the feat. Hartman turned in the best individual performance, scoring 44 points in one game, while Smith had 41 and Kangas 40 in single games.

Schools included in the scoring derby are Escanaba, Holy Name, Gladstone, Manistique, Rapid River, Bark River, Hermansville, Carney, Trenary, Perkins, Rock, Big Bay de Noc and Powers.

The area scoring leaders:

Player	G	Pts.	Avg.

MR. EVERYTHING for the Escanaba Eskimos this season was Tom Kangas, who led the team in both scoring and rebounding. He is only a junior and will be back again next season to give Eskimo foes fits again.

Trenary Claims Second Holiday Tourney Victory

The Trenary Comets, coached by Steve Ellis, emerged victorious in the annual Central League Holiday Tournament at Eben for the second year in a row.

The Comets won the title by defeating Eben in the championship game by a 57-51 margin.

Trenary drew a bye in the first round but played against Eben anyway and lost, but since the game was played only as an exhibition, the Comets retained the right to remain in the winners' bracket. They then defeated Rock in the semifinals 48-43 before downing Eben in the finals.

Teams competing in this year's tourney were Trenary, Eben, Bark River, Perkins, Rapid River and Rock.

Carney had two players go over the 300-point mark in scoring this year. Veteran John Perris threw in a total of 361 points in 18 games for an average of 20.1, sixth best in the Escanaba area. Ed Benson, a 6

Carney Finishes With 9-9 Record

foot 5 inch sophomore, also went over the magic mark, hitting a total of 306.

Other players contributing points to the Carney attack this year were Don Anderson with 177, Ed Jenkins 74, Bob Polfus 45, Mike Barasko and Martin Laurin 39, Mike Dziedzic 3 and Mike Charlier and Joe Haight 2.

Coach Ron Solberg's crew opened with five straight victories before dropping a 56-47 decision to Powers for their first loss of the campaign. The Wolves were then only able to score four victories in their next 12 contests, to finish the season with a 9-9 record.

Carney had two players go over the 300-point mark in scoring this year. Veteran John Perris threw in a total of 361 points in 18 games for an average of 20.1, sixth best in the Escanaba area. Ed Benson, a 6

foot 5 inch sophomore, also went over the magic mark, hitting a total of 306.

Carney will meet Hermansville Thursday night in its opening game of district tournament play.

Carney's season record: 61 Hermansville 58 62 National Mine 47 62 Channing 52 70 Felch 63 57 Bark River 55 47 Powers 56 48 Hermansville 46 60 Champion 64 37 Pembine 62 62 Bark River 57 50 Republic 56 58 National Mine 59. 70 Felch 55 63 Pembine 44 61 Channing 70 62 Powers 66 58 Champion 68 54 Republic 62

EX-RACER HONORED

NEW YORK (AP) — W. Melvin Crooks of Upper Montclair, N. J., has received the 16th annual Ole Evinrude Award for significant contributions to recreational boating.

Crook, boating writer and editor, is honorary vice-president of the American Power Boat Association. A graduate of Princeton University, Crook was a hydroplane racer in the mid-thirties. In 1938 he won the International Challenge Trophy race for four-litre boats in England.

John Berrigan and Walt Veldman, assistant coaches at Holy Name High School, both played on Crusader cage squads during their high school careers.

**U.P. Regional
Setup Revised
For 1970 Play**

MARQUETTE—Unlike past years, five qualifiers from the seven U. P. Class D districts will take part in the regional basketball tournament to be staged March 10-14 in Northern Michigan University's field house. As usual, the Class C and B field will be comprised of four teams each.

In Class D, besides the Houghton, Powers, Republic and Wakefield winners, the Rock district champion will also come to Marquette for regional tests. The other two Class D winners, from Brimley and Engadine districts, will enter regional tournament play at downstate Cheboygan.

The addition of a 13th team to the list of qualifiers in the annual tournament at Marquette has resulted in almost complete rearrangement of preliminary and semifinal games, all of which will be conducted at night.

The opening game on March 10 at 7 p. m. will send the Powers-Republic district winners into action. The winner of that game will face the Wakefield district champion in the second of two Class D games on March 12. The first game will be between the Houghton-Rock district champs.

Class C semifinal action is slated for March 11 and Class B competition will take place March 13. Opening Class C games will send the St. Ignace district champ against the Houghton district winner and the Wakefield district champ will battle in the Norway district champion.

Class B games Friday send the winner of the Gladstone district against the Negaunee district winner and the Iron River district champ is pitted against the Menominee district victor.

Championship games on Saturday, March 14, will be staged as follows: Class C, 11 a. m.; Class D, 3 p. m.; Class B, 8 p. m.

**Norsemen Fare
Better During
Second Season**

Although finishing their second season intercollegiate basketball with just a 2-7 record, the Bay de Noc Community College Norsemen showed a vast improvement over the first team in the college's history, which wound up with a 1-11 mark last year.

Playing most of the season with just two players back from last year's team, the Norsemen found that they could score some points and wound up the season averaging 75 points per game.

Heading the Norsemen in just about every statistical department this season was Steve Fisher, a freshman who played high school basketball at Holy Name. Fisher led the team in scoring with 190 points and was also the top rebounder with 116.

Fisher also set individual school records in five categories: most points in one game, 30 against University of Wisconsin-Marquette; most field goals in one game, 11 against University of Wisconsin-Marquette; most free throws in one game, 12 against Gogebic College; most free throws attempted in one game, 18 in the Gogebic contest; and most rebounds, 22 against St. Norbert's.

Fisher was also named an honorary co-captain by his teammates along with Mike Sigfrids, and was honored as the team's most valuable player.

Mark Weber, a former prep star at Gladstone, finished second in scoring with 142 points and also held an individual record, attempting the most field goals in one game, 23 against the Northern Michigan University freshmen.

Following Fisher and Weber in scoring were Sigfrids with 126 points, Dave Livermore 56, Steve Miketinac 50, Tom Boyle 40, Rod Kivioja 25, Jim Swenson 20, Barry Larson 8, Steve Hutchens 8 and Jim Caldwell 2.

Helping Fisher in the rebounding department were Sigfrids with 90, Miketinac 60, Livermore 31, Weber 30, Swenson 14, Boyle 12, Caldwell 5, Hutchens 4 and Larson 2.

Six Defending Champions Snare Conference Crowns

The 1969-70 basketball season was a good one for defending champions in the various conferences around the Upper Peninsula, as five of last year's champions won their league crown again this season and another finished in a three-way tie for its league title.

Defending their titles against this season were Menominee in the Great Northern Conference, Powers-Spalding in the Skyline Conference, Houghton in the Copper Country Conference, Bergland in the Porcupine Mountain Conference and St. Ignace in the Michigan-Huron Shores Conference, while Gwinn finished in a three-way tie for the Land O' Lakes crown with Crystal Falls and Norway.

Newly crowned champions this season were Marquette in the Great Lakes Conference, Big Bay D'Noe in the Central League, Rudyard in the Eastern U.P. Conference and Wakefield and Bessemer, which finished in a tie for the Michigan-Wisconsin Conference title.

Menominee captured its title by defeating Escanaba in the final game of the season. The Great Northern race was strictly a three-team battle between Menominee, Escanaba and Holy Name until Menominee disposed of Holy Name in the next to the final week of the season.

Powers also had to battle for sole possession of its championship. The Tigers had already clinched a share of the title before they went into the final game of the season against Champion, the lone team left with a chance of tying Powers. The two teams fought through four overtimes before Powers came out on top by a one-point margin.

Marquette also needed a victory in its final game to clinch the Great Lakes crown outright. Since all the teams in the conference do not play the same

Republic Trips Champion Quint In Tourney Play

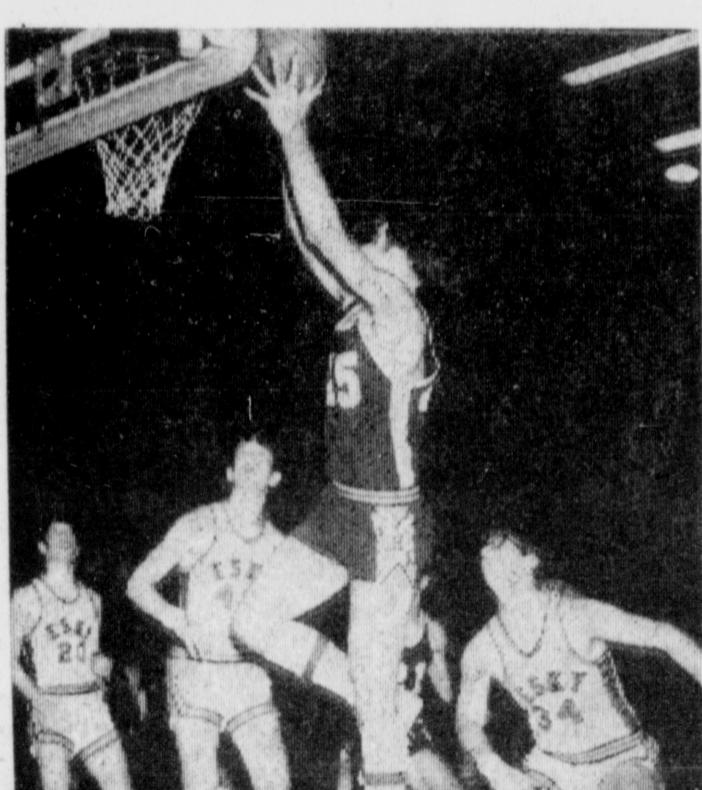

REPUBLIC—The long 1969-70 basketball season is over for the Champion Indians, but the surprising Republic Hawks can continue on after upsetting the Indians 61-55 in the opening round game of Class D district tourney play here.

Bruce Pantti led four Republic players in double figures with 20 points and he also hit the boards for 24 of the Hawks' 51 rebounds.

High scoring Larry Laitala led Champion with 24 points.

Former Escanaba High School basketball star Paul Miller played with the Northern Michigan Wildcats during the 1969-70 season.

We At Burger Chef Wish You The "BEST OF LUCK" During Your Tournaments

The management and staff of Burger Chef wish the Escanaba Eskimos and Holy Name Crusaders the 'best of luck' during the tournament. Whether you win or lose, you are always a credit to your school and our community. On the way to the games or after, stop in and eat at Burger Chef. You'll always be a winner here, because our food is the best grade and our prices the lowest in town.

Haywood Retains Lead In Scoring

NEW YORK (AP) — Rick Barry, the pride of the Washington Capitols, established a season single game high with 55 points Sunday but ranks no better than seventh in the American Basketball Association scoring race.

BARRY'S 55 points came against Denver. In four games, he scored 117 points.

Denver's Spencer Haywood continued to lead the scoring parade with a 27.6-point average, slightly better than the 27.2 average of Bob Verga of Carolina.

Then came Miami's Don Freeman with 26.7 and Denver's Larry Jones with 25.8.

Haywood also is setting the pace in the rebound department with 1,209 rebounds for a 19.8-average in 61 games.

Dare Carrier of Kentucky is the leader in free throw percentage with 366-of-407 for .899. Bill McGill of Dallas leads in two-point field goals with 190-of-344 for .552 and Jeff Congdon of Denver in three-point field goals with 44-of-99 for .444.

Four teams, Trenary, Eben, Rock and Rapid River, had 2-1 marks in the Central League Holiday tourney.

Defending state champion Grand Rapids Ottawa Hills got off on the right foot by crushing Grand Rapids Forest Hills

Upsets Recorded Already In District Tourney Play

By The Associated Press

Michigan's top rated teams in classes A through D have yet to meet their first opponents in the districts of the state high school basketball tournament. But they'd better be ready—anything can happen.

Monday was the opening round of tourney action and already there have been some upsets.

Most notable came in Class A when Birmingham Groves dumped seventh-ranked rival Birmingham Seaholm 62-61. Scott Love scored 27 points, including the winning basket, in the see-saw battle.

Pontiac Central, the No. 1-ranked "A" team, doesn't play its first tourney game until Wednesday when it faces already tested Waterford Kettering. Kettering downed Clarkston 72-59.

Defending state champion Marquette Bishop Baraga closed its doors after last season.

However, Detroit St. Martin, which lost to Bishop Baraga 68-53 in the state finals last year, was an impressive 76-44 winner over Detroit St. Cyril.

The other rated B teams were idle.

Neither No. 1 Houghton, nor

No. 2 Eau Claire in Class C played Monday. But No. 3 Frankenmuth pushed its record to 18-0 with an impressive 111-77 drubbing of Mayville.

Defending state champ Saginaw St. Stephen, rated fifth, meets unranked Standish-Sterlington tonight while tenth-ranked Onsted beat Addison 76-67.

In a Class C upset, determined Yale upended Capac 60-54 for its fourth victory against 14 losses. Capac had been 10-6.

Top Class D power North Adams, 17-0, takes on Waldron and No. 2 Kingley, also 17-0, meets Manton Wednesday. There is no defending Class D king because last year's winner Marquette Bishop Baraga closed its doors after last season.

In Class C there are: Ortonville-Brandon vs. No. 7 Pontiac Catholic Central; Shelby vs. Muskegon Christian; and No. 10 St. Ignace LaSalle vs. Rudyard. Key "D" games include: Detroit St. Stanislaus vs. Hamtramck Immaculate Conception; Au Gres Sims vs. seventh-ranked Twining Arenac Eastern; No. 10 Bellaire vs. Mancelona; and McBain vs. Lake City.

Bruins Regain Top Poll Spot

By The Associated Press
The Bruins of UCLA are back in their accustomed positions of (1) winning basketball games and (2) heading the national rankings.

After dropping from first to second a week ago following their only loss of the season, the Bruins climbed back on top by 10 points over Kentucky in the next-to-last Associated Press poll released today.

UCLA ran its record to 23-1 with weekend victories over Stanford 120-90 and California 103-95. Kentucky whipped Alabama 98-89, struggled past Van-

derbilt 90-86 and then beat Auburn 102-81 Monday night for the 24th triumph in 25 starts.

Davidson, which won the Southern Conference tournament and a berth in the NCAA Tournament, was the only newcomer in the Top Ten. The Wildcats sneaked into 10th place, while Florida State dropped from 10th to 11th.

The rest of the Top Ten teams remained the same, although there was a bit of shuffling, even though all came through unscathed last week.

South Carolina, 23-2, inched up from fourth to third while St. Bonaventure went the reverse route despite convincing wins over Canisius and Niagara.

New Mexico State, Jacksonville and Pennsylvania remained in the 5-6-7 spots but Iowa, which has a 14-game winning streak and the Big Ten title, climbed from ninth to eighth while Marquette dropped from eighth to ninth.

Despite Kentucky's short-lived one-week stay at the top, the Wildcats polled 14 first-place votes to 13 for UCLA. But the Bruins received 16 second-place ballots and three third-places while Kentucky settled for 11 runners-up, five thirds and two fourths. On a 20-18-16-14 basis, that gave UCLA 596 points to 586 for Kentucky.

South Carolina received three first-place votes in the poll of sports writers and broadcasters, while Jacksonville and Iowa each were ranked first by one voter.

Coach John Wooden of UCLA was pleased to be back on top. "I think rankings are very good for collegiate basketball," he said. "They promote a lot of discussion and create a lot of publicity."

But he said UCLA will concentrate all its energies on a fourth consecutive national championship, despite a pair of upcoming games with Southern California.

"Being No. 1 or No. 2 isn't that important to us now," he said. "Just winning the tournament is incentive enough."

Behind Florida State in the Second Ten were Western Kentucky, Houston, Drake, Notre Dame, Kansas State, Ohio U., Utah State, Cincinnati and North Carolina State. The last two tied for 19th.

Ohio U. and Cincinnati were the only newcomers in the Top Twenty while Columbia and North Carolina fell out.

NEW NUMBER ONE — Mickey Lolich of the Detroit Tigers works on covering bunts as he throws from the mound during a recent training camp in Lakeland, Fla. Watching the 19-game winner are, from left, pitching coach Mike Roarke, rookie Jim Foor, Joe Hiller, Fred Lasher and Tom Timmerman. With Denny McLain suspended indefinitely, Lolich is now the Tigers' No. 1 pitcher. (AP Wirephoto)

Houston Having Problem Signing Holdout Players

By The Associated Press

Jim Wynn, who breaks down fences during the baseball season, is still trying to crack the Houston Astros' strong box-and running into a stone wall.

"If a man has a good year, pay him for it," the "Toy Cannon" fumed Monday while continuing his determined holdout for more money.

The Astros' Jim Dandy, who hit 22 homers last year, reportedly wants a \$14,500 raise to \$61,000.

Wynn is among three Astros regulars yet unenrolled. The others are Tommy Davis, two-time National League batting king, and Larry Dierker, Houston's first 20-game winner.

The rest of baseball's holdout force faded with a couple of front-liners signing Monday. The Los Angeles Dodgers signed Don Sutton, their 17-game winner, and utilityman Len Gabrielson, and Cincinnati got All-Star infielder Tony Perez back in town.

Tom McCraw, the Chicago White Sox' veteran infielder, signed, but said he wasn't happy about the terms.

"A change in scenery would help me," he said.

In the Cleveland camp, the Indians cast a worried eye at ace right-hander Dean Chance, who

came up with a shoulder ailment.

"If Dean still has trouble two weeks from now, then we (the Indians) have trouble," said Alvin Dark, the Cleveland manager.

Chance, a no-hitter pitcher with Minnesota, was acquired in a multiple-player swap during the winter and was expected to be the No. 2 starter on the Cleveland staff.

"This isn't the same thing I had last year," said Chance, who spent more than six weeks of the season on the disabled list with arm and shoulder trouble. "Last year the pain was in the back of my shoulder. I know this is going to be okay."

Dr. Vic Ippolito, the Cleveland physician, said he gave Chance an injection of cortisone to relax the knotted muscle in front of the shoulder and believed the ailment would disappear in a few days.

Injuries and sickness put a cramp in some of the other spring training activities.

Bob Allison and Rod Carew, two Minnesota regulars, were out with flu. Mack Jones, the Montreal Expos' slugging outfielder, was missing after catching his right thumb in a car door and Joe Lahoud, Boston's utility outfielder, was sub-par with a pulled back muscle.

Bullets Triumph Over Cincinnati

MEMPHIS, Tenn. (AP) — The coach of the U.S. ice hockey team said today that Monday's 9-1 victory over Romania in the Group B World Championships was not easy.

"They made us work for those goals," said Murray Williamson.

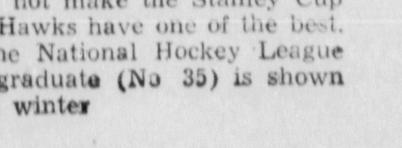

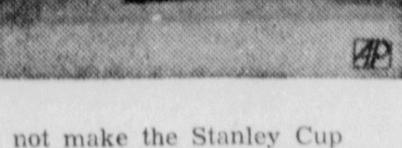

The Americans, led by Henry Boucha of Warroad, Minn., and Bryan Grand of Bemidji, Minnesota State College, erupted for four goals in the first period after Romania had grabbed a 1-0 advantage.

Boucha and Grand each scored two goals. The Americans got four goals also in the final period.

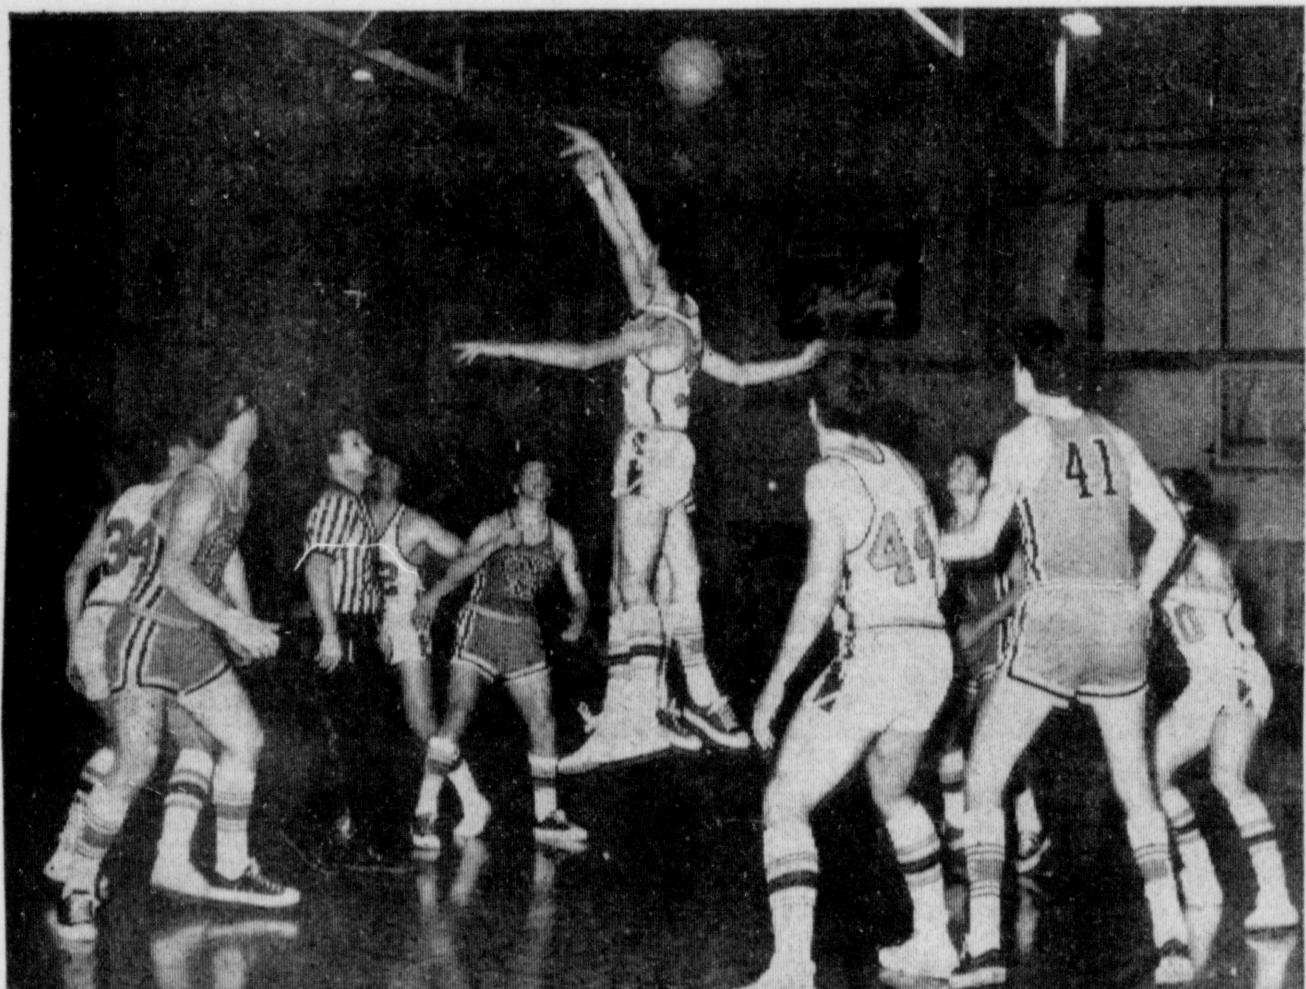

The victory was the U.S. team's fifth and kept the Americans undefeated in Group B competition.

The Americans play their next game Wednesday against Norway and meet Switzerland in the finale Thursday.

The U.S. team has scored 48 goals in the five games while holding its foes to just six goals.

GM Reshuffles Top Officials

NEW YORK (AP) — General Motors Corp. reshuffled the duties and titles of some of its top officers Monday, creating three new posts with the rank of group vice president.

One of these went to E. M. (Pete) Estes, former No. 1 man of Chevrolet Division and more recently vice president in charge of Car and Truck Group. He was designated group vice president with jurisdiction over the corporation's overseas operations.

The other group vice presidents named were:

Richard L. Terrell, who had been vice president of nonautomotive and defense, was named group vice president with juris-

diction over the car and truck group and the body and assembly group.

Wallace E. Wilson, vice president-automotive components group, was upped to vice president with jurisdiction over the automotive components group and non-automotive and defense group.

There had been speculation in Detroit as to whether John Z. DeLorean, vice president and general manager of Chevrolet Division, would be included among the executives reshuffled at the meeting of the GM Board of Directors. His name was not included.

Ban On Smoking Plan
On TV Interesting

By CYNTHIA LOWRY

NEW YORK (AP) — The first program in the National Educational Network's course in kicking the smoking habit only permitted the nicotine addicts to mull over whether we really wanted to quit and why.

The first of five half-hour programs which are being run nightly through Friday was a general introduction to the project. It told of three problem smokers with at least one of whom each smoker will identify as the week goes on. We were also asked to agree or disagree in varying degrees with a dozen statements about smoking—"smoking may give me a serious illness" or "smoking is a messy habit"—then to score ourselves on the answers. These when totaled, permitted the hooked viewer to evaluate his motive for quitting and the strength of his desire to make the break.

No scare technique was used—presumably habitual smokers are well aware of the hazards. Some viewers found they wanted to quit for health reasons, for esthetic reasons, because they disliked being dominated by a bad habit.

As the week goes on, and particularly when we start putting into practice what we learn, the effectiveness of the course can be better evaluated. Whatever the outcome, the series made with the cooperation of the American Cancer Society, is a good example of public service and an interesting experiment.

In view of Tim Conway's nomination for stardom next season as host of his own CBS variety hour, it was interesting to watch him perform Monday night as a guest on Carol Burnett's show. Conway, in his one sketch of the hour, played a drunk trying to make a sandwich. It was funny by an adroit comic with a great sense of timing.

Guesting on a variety show and being the star of one are quite different things—Jonathan Winters learned that the hard way. But "The Carol Burnett Show" on CBS is a nice friendly place for a comedian to try his wings.

How to sew on a button.

Whether it's safe to eat the contents of a half-full can of food in the refrigerator if your wife has been gone 10 days on a visit to her folks.

What to say to a bore when he asks you about a party to which you haven't invited him.

Just what to do if a zipper sticks in an airport rest room, and the plane is scheduled to take off in five more minutes.

Whether to ask a bill collector in for a beer when he kicks on your door and demands to know why you are two months late with your last installment.

How to make a forceful and winning plea for a merit raise on a day the boss comes in with a king-size hangover.

When you're holding a leaking basement water pipe with one hand, how to reach the kitchen telephone and call the plumber. Then, what to do constructively with your time while waiting for the plumber to get there.

What to do about a fellow employee who insists on coming into the office whistling on rainy Mondays.

When to trust a weather forecaster.

How to avoid buying a box of something you don't want—but still be able to come up with the boxtop you need in order to send it away and get something you do want.

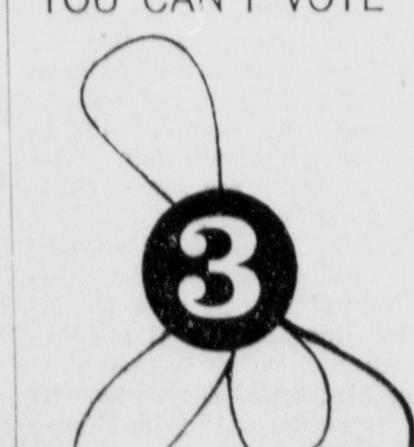

These are a few of the prime everyday problems of civilization, and so far our modern educational system has done precious little to help man solve them.

Dog Gone With

MUSKEGON (AP) — Police are seeking a burglar who left the kitchen sink behind but stole the dog from a Muskegon apartment.

Donald Tetzlaff told police someone broke into his apartment and took \$20, his watch and his Chihuahua.

Ferency Faces Levin In Demo Primary Fight

LANSING (AP) — A sharp Democratic party primary battle for the nomination for governor appears in the offing, between Zolton Ferency, an announced candidate, and State Sen. Sander Levin, who has yet to make a formal announcement.

The Democratic winner is expected to oppose Gov. William Milliken in the November election.

Ferency, a former Democratic state chairman who lost the governor's election to Republican George Romney four years ago, said Monday he would try for the post again.

Levin, who resigned as Senate minority leader in January to explore the possibilities of becoming a gubernatorial candidate, said he expects to announce plans on his own political future "in a couple of weeks"—probably in Detroit.

Levin, of Berkley, would not say what he plans to do, but he noted his exploration has been going well.

Also a former state party chairman, Levin said Ferency's announcement was "no surprise and will have no bearing on my own decision."

Ferency, a 42-year-old East Lansing lawyer, said Monday he would have the support of former Detroit Mayor Jerome P. Cavanagh and State Sen. Roger E. Craig of Dearborn. "Both have indicated they are willing to support my candidacy," Ferency said at a news conference in Detroit.

Higher Tax On Cigarettes In State Hopper

LANSING (AP) — A compromise version of the long-stalled cigarette tax proposal—a major factor in Gov. William Milliken's new budget—was expected to be freed today for Senate action with the backing of its most stalwart opponent.

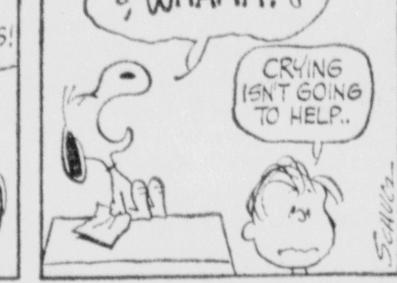

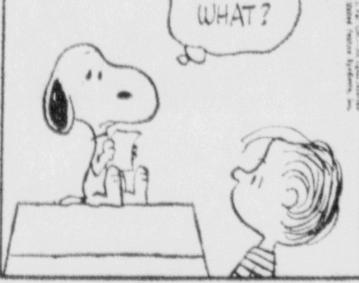

Senate Taxation Chairman Harry Demaso, R-Battle Creek, said Monday he "probably" would vote to report out a bill calling for a 3-cent-a-pack hike in the State Cigarette Tax, one cent under the figure Milliken sought in his 1970-71 budget message.

After a series of talks with Milliken and ranking colleagues Monday, Demaso shrugged off questions about why he switched positions, saying:

"I've never been flatly opposed to an increase. I opposed a five or four-cent increase, but not three cents."

The senator said he believed the tobacco industry, which campaigned hard against the governor's initial proposal for a 5-cent increase in the current 7-cents-a-pack state tax, would "be more receptive" to the compromise.

Demaso said he believed bootlegging would not soar, as he contended it would with higher increases, because only two neighboring states then would have taxes lower than Michigan's. They are Indiana at 6 cents and Kentucky at 2.5 cents.

John Boerschinger

J. Boerschinger Taken By Death

John C. Boerschinger, 17, 320 S. 17th St. died at 2:40 a.m. today at St. Francis Hospital where he had been a patient for five weeks.

He was born in Escanaba Aug. 15, 1952 and was a senior at the Escanaba Area High School. He was a member of Immanuel Lutheran Church.

He is survived by his parents, Mr. and Mrs. LeRoy Boerschinger; three brothers, Robert, Patrick and Michael, at home; one sister, Kim, at home and his paternal grandfather, Chris Jensen of Escanaba.

Friends may call at the Anderson Funeral Home from 4 to 9 p.m. Wednesday and the body will be taken to the Immanuel Lutheran Church at 1:30 p.m. Thursday. Funeral services will be conducted at 2:30 p.m. with the Rev. Roger Patrow officiating and burial will be in Gardens of Rest Cemetery.

Trans-Michigan Airlines reported, however, that all flights were on schedule.

No serious traffic accidents

were reported by any of the local police departments.

St. Francis Hospital officials said one person was injured in fall on the ice on Ludington St. this morning.

Thundershowers Possible

The rain which froze on streets and also coated automobile windshields began falling in the Upper Peninsula Monday evening and continued this morning.

Officially, .04 inch rain fell

in the Escanaba area during the 24-hour period which ended at 6 a.m. today, but the U.S. Weather Bureau forecast possible showers or thunderstorms for later today or tonight.

Temperatures were expected to climb into the 40s today with a low in the lower 30s tonight. Showers are expected to end by Wednesday with colder temperatures and some clearing indicated.

Delta Rates Third

State Payroll In U.P. Highest In Luce County

NEWBERRY — Almost half

of the 1,600 State of Michigan employees working in major Upper Peninsula communities make their homes in Luce County, according to the Department of Civil Service.

Luce county claims a total of 758 civil service workers, representing an annual payroll of \$6,026,448.24.

Marquette is the second largest employer of state workers with 498 bringing in an annual payroll of \$4,590,458. Delta county is third with 210 employees representing an annual payroll of \$1,986,335.28. Mackinac county with 148 state employees is fourth with a payroll of \$1,264,993.92.

These are the only four communities listed by the State Civil Service department for the Upper Peninsula.

The state has 45,000 civil service employees, less than one-fourth of whom are employed in Lansing.

The Newberry State Hospital is one of the major contributing factors to the large state employment in Luce county. Other agencies which are large employers by virtue of their being district headquarters are the Department of Natural Resources and the Michigan State Highway Department.

A Michigan Department of Civil Service study on distribution of state workers based on January 1970 figures shows 10,437 workers stationed in Ingham County where the capital

is located, at an annual payroll of \$95,695,378. The next largest concentration, 8,052 employees, are stationed at Wayne County (\$69,351,792 annual payroll) and Washtenaw County was third with 1,841 employees (\$15,684,053 annual payroll).

Most of the major groups of outstate employees are stationed at custodial institutions of Mental Health or Corrections Departments or are employed in outstate offices of the Departments of Social Services, State Highways, or Labor.

Chapter Assists Area Servicemen

Two veterans and 15 active servicemen were assisted by the Delta County Chapter of the American Red Cross during February, according to the chapter's monthly report released today.

Services included health and welfare reports, birth announcement to father overseas, verification of emergency leave, etc.

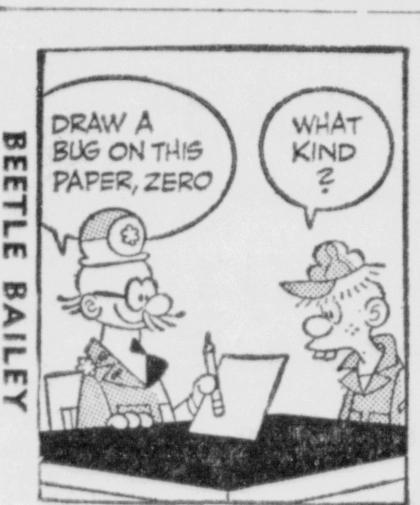

Water safety instructor certificates were mailed to three Delta county residents who have completed the new training course.

There were 63 pints of blood used at St. Francis Hospital last month and 20 pints were replaced to Delta County residents in other hospitals. The Badger blood bank will visit Delta County March 31, and April 1 and 2. The plastic cards for the new donors who gave blood in December arrived at this office and will be mailed to the individual donors in the next few days.

Obituary

MRS. JOSEPH PINOZEK

Funeral services for Mrs. Joseph Pinozek were held at 11 a.m. Monday at Salem Ev. Lutheran Church with the Rev. John J. Wendland officiating. Burial was in Gardens of Rest Cemetery. Pallbearers were Karl Lemke, Clyde Moersch, Leslie and Richard Pernath, Harvey Wellman and Francis Guay.

Bugay Captures Munising Race

MUNISING—Don Bugay, 27, Canada to compete.

Of the 332 machines that were at the starting line Saturday morning 71 failed to cross the finish line, according to racing officials.

Sunday, a crowd estimated at over 15,000 jammed into the area surrounding the oval track in Wetmore to witness what racing officials and officials of the North American Snowmobile Championships termed the most successful event held here to date. No Escanaba area drivers were among the winners.

Hoyle, racing in the same class as Bugay, had a time of 58.33, and was reported to have flipped over twice and replaced one belt. Overall Hoyle finished in fourth place after having posted the fastest time for the past two years.

Duane Frandsen, Pembin, Wis., had the second best time of 57 minutes, 26 seconds, on a Ski-Doo 640 cc. Modified 4 Class; and Don Smith, Appleton, Wis., third, 58 minutes, on an Arctic 634 cc. also in Modified 4 Class.

The popular cross-country event which highlighted the two days of racing was viewed by several thousand spectators under sunny skies and mild temperatures.

Drivers came from seven states and two provinces in

Briefly Told

Edwin J. Bergman, Bark River, improper turn; Henry A. LaPointe, Perronville, failing to yield the right of way; and Lenny D. Skarita, 501 1st Ave. S., improper turn.

John W. Holzem, 47, of Merrill, Wis., entered a plea of not guilty in Delta District Court to a charge of driving while under the influence of intoxicants and demanded a jury trial. The trial date has not yet been set. Holzem was arrested by Escanaba police at 2:53 a.m. on Feb. 26.

An Escanaba boy, 14, has been arrested for petty larceny in Escanaba and referred by city police to juvenile court. Officers reported the boy had taken \$15 from Pavlick's Beauty Shop and \$20 from the Bowl-A-Rama. Police recovered \$16 plus some items of merchandise.

MANISTIQUE

Law Officers Ticket Seven

Public Safety officers ticketed Allan R. Landis, 19, Cooks, for improper backing after his automobile struck the side of a car driven by Fred John LaLonde, 73, 735 Cherry St., at 2:45 Friday afternoon on Cataraugus Ave. The mishap occurred when Landis was backing from a private driveway.

City officers report a car driven by Cynthia Frenette of Gulliver, pulling from a parking lot at Deer and N. Houghton Sts., struck a car driven by Karl G. Krumrey, 17, Indian Lake. Both cars sustained considerable damage and were removed by wrecker. The mishap occurred at 1:10 Saturday afternoon.

Michigan State Police said a rear tire blow-out on a vehicle driven by Dean Brownning, 711 Deer St., caused Brownning to lose control and strike snow-banks on both sides of U.S. 2, near the Mackinac County line Sunday at 3 a.m.

Ticketed by troopers over the weekend were William H. Vietzke, Grand Rapids, no operator's license and failure to stop at stop sign; Gerald Brock, Minneapolis, speeding; Charles Kerridge, 140 N. Fourth St. no registration and no operator's license; William Wedegartner, Sr., 233 Walnut St., expired registration plate; Ronald Sundberg, Rapid River, expired trailer license; Ernest Hardwick, Rapid River, no registration.

Hospital

Admitted to the Schoolcraft Memorial Hospital over the weekend were Joan Caron, Albert Kokesh, Lyle Rosebush, Muriel Cookson and Kristine Anderson.

Discharged were Gayle Katainic, Orletta Peterson, Joan Caron, April McAlpine and Susan Bigelow and baby.

Retirement

LANSING (AP) — Mary Fuller of Lansing retired this week from the Commerce Department Insurance Bureau after 46 years with the bureau. Her years of service are the longest for any person who ever worked for the bureau. She joined the bureau in 1923 and has worked with 14 commissioners. Mrs. Fuller worked as a secretary for 35 years and became a filing supervisor in 1961.

New Director

DETROIT (AP) — Andrew G.C. Sage II, general partner of the Lehman Brothers investment banking firm, has been named a director of American Motors Corp.

The 43-year-old Sage is a native of Bryn Mawr, Pa., and has been associated with Lehman Brothers since 1948. The board for the nation's fourth largest automaker has 15 members.

Students Present 'Wizard Of Oz'

Fourth and Fifth graders at Fairview School presented "The Wizard of Oz" for classmates and parents at an afternoon assembly recently.

Taking part in the play were Julie Chase, Tony Schnurer, David Carlson, Jeanette Anderson, Jay Bowman, Linda Webster, Wendy Rodgers, Allen Winsor, Mike Weber, Boni McGregor, Jay Krumrich, Jay Tuttle, Gerald Konesko, Terry Jones, Forest Hageden, Debbie Schnurer, Regina Bosanic and Ron Klagstad.

Obituary

ALPHA THIBAULT

Father Joseph Callari, pastor of St. John the Baptist Church in Garden, officiated at services for Alpha Thibault in the church. Mr. Thibault, 77, died suddenly Friday morning at his home in Garden.

Pallbearers were John Lester, Sid Lucas, Lawrence Anderson, Alfred LaValle, Bernard Grenier and Earl Cota. Burial will take place in the New Garden Cemetery in the spring under the direction of the Messier-Brouillette Funeral Home.

MRS. ALBERT DEAN

Complete funeral services were held Monday at 2 p.m. from the Messier-Brouillette Funeral Home for Mrs. Albert Dean, 88, 203 Schoolcraft Ave., who died Feb. 27 in the Schoolcraft Memorial Hospital. Rev. Theodore Doane, pastor of the First United Methodist Church, officiated with Mrs. Roy LaMarche at the organ.

Burial will take place in the Fairview Cemetery in the spring.

Briefly Told

Wednesday's hot lunch menu at the Manistique Area Schools will feature homemade chicken rice soup and pan rolls, cheese slices, peanut butter, fruit and beverage.

Mrs. Donald McNally, E. Lakeshore Dr., is a surgical patient at University Hospital, Ann Arbor, and may be addressed care of Ninth Floor, West.

Mr. and Mrs. Raymond B. Schmidt, formerly of Manistique and now residents of Marathon, Fla., announced the marriage of their daughter, Linda Ann, to Ronald B. Ballman, son of Mr. and Mrs. Bruce Ballman of Baltimore. The couple was married in Marathon Shores and honeymooned in New York City.

Many snow crystals appear similar but like human fingerprints, no two are identical. Among all the countless snowflakes that fall, no two have ever been found with exactly the same size, pattern, and number of water molecules, says National Geographic.

Washington Meets Threat Of Pollution

OLYMPIA, Wash. (AP) — The environmental woes that have beset the nation's industrial centers are creeping up on the Evergreen State of Washington, and the state legislature has taken strong preventive action.

As the lawmakers met in a special session which ended late last month, environmentalists argued time was running out for this land of thousands of lakes and miles of forests.

Mt. Rainier In Smog

To the east, snow-clad 14,410-foot Mt. Rainier stood above a haze of smog. To the south, workmen were building a power plant which will burn 10,000 tons of coal per day. To the west, investigators studied slicks on Puget Sound.

Republican Gov. Dan Evans, a politician with a taste for the outdoors, called it an environmental crisis. To meet it, the skiing, mountain-climbing governor proposed a range of tough bills which brought strong opposition from industry.

Measures Become Law

When he cleared his desk last week of bills passed by the session, most of his environmental protection measures became law.

Cronkite Says Newsmen Know What Is Best

DETROIT (AP) — Walter Cronkite, managing editor of the Columbia Broadcasting System, said Monday that Vice President Spiro Agnew "cannot cancel bad news by chasing it off the airways."

"New judgment is best left in the hands of journalists who have learned to guard against their own bias and prejudice," said Cronkite in a speech to the Economic Club of Detroit.

Cronkite said that Americans lost their self-confidence in the 1960's, but instead of looking for cures "We are striking out in all directions to find the enemy; when all the time I suspect we really know that the enemy is within ourselves."

He said that the tendency is to "blame the revolutionaries in our society as the cause, rather than the results of our problems."

Cronkite added that there is no longer any excuse for any regulation at all of radio and television. "There are more radio and television stations than newspapers, more networks than news services, and the need to allocate air time in the public interest is past," he said.

True seals are distinguished from the Sea-lions by having no external ears.

Despite grumbling by some ardent conservationists that the laws are not as tough as they could have been, they are widely regarded as among the strongest in the nation.

They include these provisions:

Quick Justice Act

The legislature also acted to hasten enforcement of pollution control with a "quick justice act." It requires superior courts to hear contested cases within 90 days.

Appeals will bypass the intermediate stage and go directly to the State Supreme Court, which will be required to hear arguments within six months.

The hope is to eliminate lengthy litigation during which enforcement is stayed.

Implementing a constitutional amendment approved two years ago, the legislature passed an "open spaces" act, allowing undeveloped land to be taxed on its current use rather than at its potential as developed land.

It is designed to preserve green zones around rapidly urbanizing areas where owners complain soaring property values make retention of undeveloped land economically impossible.

Obituary

DONALD F. LE MIRE

Funeral services for Donald F. LeMire were held at 10 a.m. Monday at St. Patrick's Church. Officiating at the con-celebrated Mass were, the Rev. Charles Carmody, the Rev. Vincent Ouellette and the Rev. Lawrence Gauthier.

Also present in the sanctuary were, Msgr. Albert Pelissier, the Rev. Raymond Garen, the Rev. Norbert Freiburger, the Rev. Schaeffer, the Rev. Wayne Martotte, the Rev. Fabian Gerstle and Brother Christopher Kauchau. Pallbearers were John Walsh, Joseph Leighton, Jack Manning, Frank Bourke, Nevin Reynolds and George Harvey.

Honorary pallbearers were members of the Delta County Medical Society, the medical and nursing staff of the hospital and the Sisters of St. Francis Hospital.

Non-Pro Play

ALBION (AP) — The first non-professional performance in the United States of a play by British playwright Edward Bond will be presented by the Albion College Players March 13-14.

Bond, writer of the script for the movie "Blow Up," is virtually unknown in this country. A Boston performance of "narrow Road to the Deep North" was the only other American production of the play.

Previously, several agencies shared the authority. Others—although having an interest—had no official basis for action.

Alternate Plans Eyed

The council includes directors of the dozen agencies concerned. Utilities have been looking to alternate methods of electric power as the region's hydroelectric capabilities become used to the maximum.

Water pollution control laws were stiffened to permit the state to set standards for effluents poured into its waters, instead of merely on the quality of the water after the effluents enter it.

Under the previous law, it had

DIRECTOR JOHN DOVARAS (center front) will bring the Oakland University Singers to Escanaba on Tuesday, March 3, under auspices of the Escanaba Area High School Vocal Music Department. Concert time is 8 p. m. in the Senior High auditorium. Only a part of the group is pictured and the Singers include Jim Bernhart, son of the late Fred Bernhart, former Delta 4-H director, and Mrs. Bernhart.
